Twins/OC Peeves I'm Trying to Avoid

1. Haruhi-clones (

tomboyish girl that is almost like Haruhi)

2. American OC. (

I'm Puerto Rican, but I thought that my OC should be Japanese herself.)

3. Making Etsu like me and

saying it.

(When you think a character is 'like' you, you accidently make her into a Mary Sue without knowing it until its too late, so its best to think of her/him as a unique individual separate from you.)

4. Using the twins and

depicting them as hollow 'figureheads'. (

they have their own relationship, personalities, and thoughts and I like writing it! I'm a hardcore Hitanchiincest fan!)

5. Only OC POVs (

I found myself hating fics that did that. I like keeping it evened out between all characters. Sometimes Etsu's POVs doesn't even appear in some chapters.) 6. OC Lists in first chapter

(I don't know, but all the fics that did that turned me off instantly. OCs should be kept a mystery.)

6. Perfect, flawless OC (I think everyone agrees with).

7. Only implying twincest without much detail.
(I really found myself hating that, because when you think Hikaru/Kaoru, you think TWINCEST. I've seen way too many fics that make them straight. *cringes*)

8. Predictability
(I like plot-twisting, but keeping the mini-plots as part of the HUGE PLOT.)

9. Unrealism (the twins have a incestuous relationship, so making it without conflict is making it unrealistic. I'm sure anyone in a relationship of this kind have difficulties not only with themselves but with society in general.)

10. Fluff (I HATE FLUFF! Mostly when it's spontaneous. I'll only write it if a 'moment' calls for it, otherwise don't expect a fic of mine to have it in large quantities. *URG*)

11. Making it just about
the OC

(c'mon, it's a fic that has twincest as a plotline-base. It
can't be all about her.)

12. Instant attraction (

it's best to have a character EARN that attraction, not
just get it on the first shot for no reason. I've seen a lot of
Haruhi/Twins that did that as well)

13. Bad grammar, not
separating POVs, etc (

I think this has been the downfall of most OC fics. Some
have really good ideas and plots, but when its written out,
things like grammar/vagueness/pace could turn people away from
an otherwise great story)

14. Review whoring (

don't do that to a fic, especially an OC-fic. People will
either not review it or flame you for thinking of
review-whoring for chapters on a new character they don't know.
MMorg had a bunch of writers doing that and their stories
remain unfinished and mostly only ONE CHAPTER; they also have a
flame or two.)

15. Over the top
characteristics

(don't make her 'amazing' to the point of nausea. That
mainly explains why I made Etsu have a truly evil-streak and
negative-quiet-presence that rubs the characters the wrong way,
because as a flaw IT HAS TO create an adversion.)

16. Reverse Harem

(I HATE that genre, even if its Haruhi. Making the twins fall for the same girl is kind of pushing it, but having one or two other hosts other than them sniffing after her really kills an OC).

17. Lack of unique personality

(OHSHC is a manga/anime that has pretty flamboyant characters. The only 'normal' one is Haruhi herself. You have to make a char that fits in the crazy OHSHC-verse, yet isn't the same as other cannon in the series and doesn't grab all of the attention. If she can stand on her own without being a Mary Sue, I'll give you cookies!)

18. Tragic OCs (

making an OC an orphan, repeatedly raped and handicapped is not going to keep her from being a Mary Sue. I hate exaggerated tragic OCs. It's okay to give them their sad moments and trials, but not by overdoing it like a lot of writers do by making these OCs live an 'unfair battle' for just breathing. I saw one OC that was beaten by her brother just because 'he didn't like her' and another OC nearly getting raped for 'just being in a place with horny boys' or being a sex-slave/courtesan 'because her mother was one and raised her to be one'. Sounds exaggerated enough? Everyone has a tragedy or two in their lives, but NOT this DRASTIC!)

CANNONxCANNON FIC PEEVES

Yes. I have peeves with tons of CannonXCannon fics.

1.

Cliches:

Same pairings, same basic plots, DIFFERENT writers. I understand if you liked the idea after seeing it, but making a 'cloned fic' really makes me want to change fandoms.

2.

The same pairings: There's way too many Sess/Kags than Inu/Kags (considering that Inu/Kag is actually

cannon while Sess/Kag is a whimsical fangirl fantasy writers come

up with to insert themselves disguised as a cannon character.

Believe me, making Kagome into a Mary Sue, doesn't mean readers

don't notice its actually 'you' you're writing about.

3.

One Female Heroine in 90% of all fics in a fandom: It gets really boring, repetitive, unrealistic. There's not that many plot ideas for said female

mostly she's the only love interest for ALL males.

Perfect

examples are 'Fujioka Haruhi' or 'Higurashi Kagome'.

In Bleach,

'Kuchiki Rukia' is slowly starting to get the worn down overly

used heroine routine by being paired up with not only ALL

males, but in some occasions even females. These cannon-sues

are also infesting crossovers. (Kagome is the one being mostly

used in the crossover genre)

4.

More yaoi than het in a

fandom: I LOVE YAOI! But when you

see that 9 out of every 10 fics is yaoi, you

begin to

HATE it. Go to AFF.net to see how much yaoi there is in

comparison to het or yuri in the following fandoms: Final Fantasy, Bleach, Inuyasha.

5.

Author's Comparing themselves to a cannon-heroine: Mary-Sue much?

6.

Everyone falling in love at first sight.

7.

Reverse Harem fics: No matter how you color a female-cannon, you're successfully making her a self-insert by making her fuck everybody that has a hot body, especially when you make it all into her POV and no one refuses her or finds her behavior odd.

8. Mary-Suing a cannon-female: People have to avoid describing how BEAUTIFUL a cannon female is in their stories and how everybody both male and female instantly fall in love with them for their 'gorgeousness'. It's redundant, stupid and fucks up the mangaka's cannon creation so much that the fanfic author should be banned from writing ever again. These overzealous writers have made me HATE certain cannon-females. Every time I read in a fic with the following 'SHE'S SO CUTE!' or see guys making bets about who wins the hot 'new girl' in school, I feel like FLAMING it.

9.

SciFi, most OCC AUs (mostly when in stupid oneshots),

Vampire Fics for fandoms that don't even have
vampires,
Werewolf fics, incubus/succubus fics, 'human fics' (
alot of
Inuyasha fics have done that by making all yokai human
in AU,
so has Bleach), magical people in universes that
are not
so magical (like a flying witch in a OSHHC
fanfic) ect.,

10. Fluffing hot 'cold characters': I'm
SCARED of reading Sesshy fics or Byakuya fics (even
Ulquiorra
fics for that matter) because of them being OCCd and
fluffed
out to inrecognition.

11.
Superficial character depictions: Make them
feel alive, not like a 'dummy' that does things
without
feelings, thoughts or likes and dislikes. I know some
people
don't analyze characters the way I do, but geez! Most
characters aren't even FELT.

12.
Grammer, grammer, grammer! I suck at it too,
but make an effort in writing something
legible.

I'll write more when I see
more bullshit or get bored. And yes, this was a
RANT.

Mirror's Fanfic Definitions

FLAMER:

Sad uncreative idiots with some or no writing experience (sometimes AUTHOR ENVY). Every writer faces these morons and are sometimes put out of writing altogether by what they say. There's a difference between helpful criticism and being just an ass with a huge chip on his/her shoulder. Most of their few comments are limited to YOU SUCK!/STOP WRITING!/WHY DID YOU DO THAT TO (character name)?!/THIS IS A MARY SUE, WHY ARE YOU WRITING THIS CRAP?!/YOU'RE A HORRIBLE WRITER!/I'M GOING TO TELL EVERYONE IN MY TWITTER TO FLAME THIS STORY! (some c*nt in LJ tried to do that to my fic 'Reflection' and I just got positive reviews. BWAHAHA! Thank you very much! You made me famous! XOXO)... Well let's just say they don't have much to say other than nonsense and sadly for them, they're usually outnumbered by numerous POSITIVE reviewers. I personally think they're just bitter basement geeks that like feeling big over the internet because in real life everyone treats them like crap. What other way can a loser get the feel of some power other than insulting someone that can't beat the sh*t out of them in person? And yes, I'm very cruel and direct; blame it on me being a gemini. PS- If anyone wants to throw a fit at me through a PM rest assured

that I'll make fun of you in my profile because I think it's funny and need to stave off boredom. =P

HIDDEN HET YAOI:

This is yaoi that sounds more like fluffy het. If you read such fics you'll be surprised to see male pregnancies and male lactating! (seeing a guy breastfeeding his newborn daughter while crying and receiving chocolates from his 'husband' is a real tear jerker. Not forgetting to mention that the doctors/midwives think its perfectly normal for a guy to give birth in spite of never menstruating, and having no uterus! Another plus!). I'd rather see a cannon-sue rather than that! Heck, even create a GaryStu! But making a manly character into a flat-chested, muscular, woman with an appendage that doesn't get any attention is practically hidden het. I even forget it's yaoi! *shivers in corner thinking of horrors in some fiction* I hate seeing yaoi written like this! *wails* Where are my manly men?!

CANNON SUES:

Same thing as K-syndrome.

These fics center around the cannon character like an incurable cancer. Even the way the character is described as : 'sexy curvy body, beautiful cobalt blue eyes and rosy sensual lips' when the character is actually quite plain looking is making her a Mary Sue. Then goes on the explanations about the clothes she's wearing, how gorgeous she is in EVERY CHAPTER, how every male finds her so sexy (did I mention that these characters aren't actually femme fatales?), the way their hairs is fixed, their MAKEUP style, how PERFECT every body part the cannon sue has is, how SWEET and LOVABLE she is... The list is endless!

Just because she's has the name and SOME personality of the cannon doesn't make putting all of this okay. I read one story that had an entire chapter dedicated to writing how every strand of Kagome's hair was set around her head and even the specks in her gorgeous unbelievable, unusual, exotic, sexy, innocent, mystical, otherworldly, phenomenal endless robin egg blue eyes (then there's the fact that her breasts are always double-D cups and her derriere is the awesomest thing since sliced bread.) Things turn worse when the author says how much she loves the cannon sue because 'she's just like me!' Don't get me wrong... Some fics that start as cannon-sues even out and turn into works of art worth reading (I always strive to give things a chance) Making a character unbelievably beautiful is okay, but in real life, normal folks resent that so putting people that actually hate these 'qualities' in a character makes it more tolerable. (I'm not being conceited, but I modelled/acted as a teenager and ALL the girls in my school made my life a living hell because of it while the guys were too intimidated to even ask me out. Being 'perfect in looks' is not precisely a gift, so making it into something wonderful is unrealistic. Hopefully people writing this stuff could understand that. And also understand that being 'beautiful' takes work! It's NOT easy and not exactly a good thing that makes all your dreams come true!)

ã€€

POOPERS:

Yes. You heard right. These are the reviewers, that in spite of being told that something won't be known until much later in the story, start asking stupid questions in order for you to spoil your entire story in a author's note (sometimes they guess right and say the answer in a review). If you are a reviewer that SPOILS fics for other readers, please cut it out. I'm a person that reads other people's reviews (I'm nosy), and in some occasions I'm totally

put out by reviews that tell me IMPORTANT STUFF that I could have discovered on my own=that's why whenever I review I try not giving spoilers regarding the chapter. It's actually very easy to AVOID doing it. I've had these kind of reviewers before that start nagging me with every chapter about something that is SUPPOSED to be a mystery. No matter how much I tell them that if I say what it is there wouldn't be any use in writing a story about it, THEY CONTINUE asking stuff like "Who is it?" or "Who did it?" or "IT'S WHATHISFACE, EVERYBODY! YAY! I FOUND OUT BEFORE THE AUTHOR TOLD YOU! I'M SO SMAAAAART!" Stuff like this make me just want to delete the review and stop updating altogether.

HAREMS

(or should I say: Effective way to make me hate a cannon character?):

Did I even spell that right? Anyways. I hate those kind of fics and with good reason. Most of them don't have an actual plot other than making a very unsexy character OCC and into a MarySue/GaryStu that everyone gets turned on by. Very few fics like this have interested me, but only because they were actually believable without lame excuses like magic or drugs. If they are blown out of proportion, making the character randomly sleep with every character (usually extremely attractive ones) you are effectively making a cannon-sue. (coming from me, a person that has created Mary Sues, it's harsh and I think cannon-sues are WORST than just regular sues). Typically in these kind of fics, the usually female character is LOVED by all the males (including some females and gay males) and found incredibly irresistible even though the manga/anime hasn't given them any sensual/sexy qualities (first signs of a sue). No one can't help but want to have sex with what they consider the most important and sexiest person in the world and most of the time, guess what?! They don't EVEN get jealous and all (up to ten or twenty wonderful guys treat this girl like a queen without her earning it) share her without rubbing each other the wrong way. Just every fangirls' dream come true! *gushes* If anyone has any actually GOOD harem fics, please suggest them to me and I

just might read it (as long as it doesn't have the nonsense I just mentioned. I have a thing for dark-harems. I AVOID most fluff.).

What is a "

SMUTRAMA

"= Def; smut with drama (aka) plenty of smut w/plot. When a fic's plot uses sexual content to describe emotions and even events pertaining to a plot. With smutrama, not ALL smut should be considered random since they're uniquely written to connect with a story and its characters. People who are against high sexuality should NOT read smutramas because that's what they'll get plenty of in such fics, even though all lemon content is meant to be there making a small or large point (rather than merely giving nosebleeds or just 'there') I only write 'smutramas' because that's my style and most of the fics I do happen to enjoy fall into this shockingly versatile genre (look at my favorites list and you'll see plenty of fics that make lemons/sensual fluff 'work harmoniously' alongside their plots). Another thing, a 'smutrama' isn't the same things as 'plain smut'. Plain smut usually has no point or emotion behind it, 'smutrama' just connects with all in a story. (and I don't want to receive PMs going off about my fic content because I can write yaoi/yuri/het without batting an eyelash. I am bisexual PEOPLE and sometimes hearing people trying to force you to think like them makes me want to beat them up. Sometimes we cannot help being the way we are, and if we respect your preferences, respect ours and leave all 'life-style hating' comments to yourselves. There's already too much hate going around to have some fundamentalist pr*ck making our lives even harder.

I'll write more definitions whenever I think up more.

Bored

Since my old easyjournal is being a piece of shit (it's been out for nearly three fucking months already) I'll probably use this new journal to keep my fic followers up to date. That's about it. I still can't find the old password to my blurty journal! Can you believe how hopeless I am? Well... Now I'll go finish watching Higurashi: When They Cry. I wasn't sure about that anime at first, but it has violence and a bit of mystery despite its goofy moments (I just don't really like those 'big eyed dime a dozen' anime girls that appear everywhere.)

Things That Could Piss Off A Writer

1.

Lack of reviews but plenty of hits:

This kind of thing could lead a author to think that their story is not being read or taken seriously. We sometimes need acknowledgement for us bringing our 'fantasies' to you. We don't do it just to please ourselves, but to please others as well and it does take time, practice and effort to write a good story so people other than ourselves can enjoy it. Receiving no feedback makes all that effort appear to be in vain.

2.

Critique from non-writers or just plain 'shit-writers':

I've had novices going off on me for not updating or for writing something they didn't like in a fic. Face it, what really counts in a fanfic is: IC, good plot, grammar, and writing style. NOT the pairing choice, or the chain of events transcuring. In the end, the WRITER decides, so criticizing someone for choosing a pairing you don't like or making something like a natural disaster or car accident occur happen in the fic, makes you look like a whiny little bitch that doesn't understand this concept and FACT. As for writer's block, we get them all the time and its not because we want to. If we start a new fic in order to refresh ourselves and not forget how to deliver a good story in spite of feeling dry on another pairing or plot, flaming the writer, will just get you reported and flamed right back because it just proves how ignorant you are when it comes to writing a long-term fic.

3.

Complaining about sex
in a 'smut-plot' specially when the fic is
rated-M:

Sweetiepie, not EVERYBODY
thinks like you. There's few virgins, sex-hating prudes out there but when a fic is rated M, has 'sexual content' on a summary and its said in the A/N that its a 'smut-plot' complaining about a 'clean fic' makes you sound like a clit-less clueless wonder. I've even gotten shit like this on adultsites, which is funny considering that these sites are full of PWP and my fics at least have plotlines and backstories to them.

4.

Grammar Nazi's who obviously can't spell worth a shit:
A couple of years back I had some brat telling me how to use proper grammar and when I checked her profile all she had was

ONE drabble that had a ton of misspellings. Jealous much?

5.

Flammers: If it isn't a constructive criticism, these assholes could just go eat shit and fuck themselves up the ass with a spiked metal bat for all I care. Most of the time they're just jealous at all the attention a fic is getting (oftentimes other writers giving flaming reviews incognito. It's happened to me before.) or just need to go off on somebody. I've been flamed for stupid shit before, sometimes shit that didn't even have anything to do with my fic (leading me to think that the flamer didn't really read it and just 'popped' in to flame something randomly) or they said something that just had them look downright retarded.

Do us ALL a favor and go kill yourselves. We don't give a shit that your life is worthless, so don't waste the space for actual valuable readers/friends/reviewers by writing petty bullshit that speaks of how uncreative and pathetic you are.

There's always some stupid mother-fucking asshole

I really hate some people. My

grandfather (I live near him to help him out with the house and so on) has MCS ClassicCare and guess what..

I don't know if those people are so desperate for work, but they fucking call every day to make my grandfather do the same repetitive surveys and force him to pointless doctors' appointments.

I just recently found out that the reason why the operators for MCS do this shit (giving the same surveys to the same person every week using different operators and making the person go to an appointment two to three times a week, even going as far as doing house-visits) is because they **DON'T GET PAID UNLESS THE PERSON GOES TO A DOCTOR**. In other words, these assholes are making the **PATIENTS** work for **THEM**.

Today alone the house got three calls, from different MCS operators doing the same survey for the **SAME** person. My grandpa did one of them... Fifteen minutes after the call was hung up and the survey was finished, yet **ANOTHER** asshole called with another survey.

When my grandfather started to take it, he stopped and asked kind of confused: "Wait, why are you guys giving me the same survey **TWICE**? Someone from there called a while ago to take **THIS** survey and now **YOU** are calling making me take the same thing again."

The operator didn't know what to say, because they were all obviously ganging on only one MCS

client for the same shit. I guess for them it's kill three birds with one stone kind of shit.

I guess that the point that I'm trying to make is that when we PAY FOR SOMETHING, that something shouldn't bug the shit out of us unnecessarily.

All of their clients are going through this shit as well as getting their monthly payments raised and getting medical benefits taken away.

Because of this, I'm going to help my grandfather get a new medical provider so MCS and their redundant money-grubbing bullshit can suck the devil's flaming cunt.

OC Development, Sakoi Etsu

Don't expect to see this in any of my stories. I hate doing personality charts on OCs and then making them public, but its a good way to keep track of my work. So I'll keep it limited to here and if any of my readers happens to see it, sorry! =(I'll do a chart of another OC I have that turned totally Mary Sue for the Bleach fandom another day)

Sakoi, Etsu

Nationality

: Japanese

Birthdate

: August 18, 1994 (since the story is set on present day)

Zodiac Sign:

Leo (believe it or not, that sign IS compatible with Gemini, so seeing so many writers making their OCs into Libras has made a lot of OC fics boring), She also has Scorpio as her 'Rising Sign', which influences her looks and some traits of her cold outward personality.

Age

: Currently 16 (since it

isn't August in the story timeline at least).

Height:

5 foot 3

Weight

: 103 pounds (tiny little thing)

Hair

: Originally blue/black

Eyes

: originally Violet

Complecion

: very pale

Flaws

: dramatic flair, prideful, cold, belittling others, stubbornness, contemptful (hateful), bossyness, hot tempered, likes having a large audience when making a point (and she's not particularly shy in doing it)= some unadmirable traits of a Leo and yes, I do use astrology to shape an OC. It really works to create good characters!

Good Qualities

: good at acting (definite Leo quality), honest when it benefits her for either good or bad purposes, takes responsibility for her actions if she has no other choice, incredibly loyal to those rare individuals she grows to care about (even to the point of self-sacrifice).

Likes

: Beautiful surroundings (explains why she has a thing against Ouran's 'unharmonious architecture'), constant movement, children, things that show promises of being entertaining (either good or 'evil')

Dislikes

: physical pain (gets overly cranky if in pain), the conceitedness of others (even if she's somewhat snooty herself), being laughed at, being taught by others (since it proves that she doesn't know everything like she thinks she does), being lied to, being bored, hates being ignored (even when she ignores others. She can be a bit of hypocrite), and annoying people that don't share the same interests as her (pretty much everyone)

What Scorpio Rising Brings to her overall personality: Can be intense with a lot of presence. There is something about her that tells the world that she's not to be pushed around. Her attitude commands respect, and in some cases, fear. Either quiet or loud, she always seems powerful and determined.

She rarely goes through life unnoticed. In fact, she's confused when faced with the fact that she gets such strong reactions from others. She can seem to look right through people, seeing through superficiality. This can be quite intimidating to some, and intriguing to others. She always reads 'between the lines'.

Values her privacy so much, that it borders on paranoia. She has a strong need to control her environment and is an expert at strategy. She plans out her moves carefully and deliberately.

Believe it or not, I DO this with cannon characters as well to see if I can write them better than the superficial depictions other writers seem to love

giving them. And if anyone finds that making astrology charts for OCs is weird, let me tell you that I used to work a lot with astrology for REAL people (and studied bits of psychology too). This is basically normal for me and it helps to understand characters better for writing purposes.

Stupid Fucking Medical System In Puerto Rico

I honestly hate dealing with lazy people that are either too inept or just don't feel like doing their motherfucking jobs! TWO doctors appointment for my daughter have been canceled at the last minute because these ASSHOLES prefer having 'emergency vacations'. That's why the medical system is often criticized in the shitty little island I call home (to tell you the truth I don't know why they fucking call this the 'The Island of Enchantment', when everything here is just shit and before anyone goes off on me and calls me racist... I AM PUERTO RICAN MYSELF!)

My daughter's dentist appointment

last week (on friday) cancelled at the last minute after I waited for a freaking hour in a half since six o'clock in the morning. Did they call to say they'd cancelled? N FUCKING O!
NO!

Today my daughter was supposed to have some tests run on her at SEVEN IN THE MORNING! Do you know how hard it is to wake up a four year old at five o'clock so

she could eat breakfast, get dressed and hit the street before
'summer school' traffic clogs up every roadway? FUCKING NURSES
DON'T!

The stupid receptionist said that
the nurse that ran the tests was sick, but I know the truth.
With that 'beach bunny' look the old lady had and the way she
talked about wanting to go to Isla Verde (a beach town) when
she was in the middle of writing my daughter's appointment last
week... Yeah. She's really sick alright.

If these mother-fucking bastards
don't want to work (government medical system), they should go
elsewhere other than wasting our time so needlessly, because as
far as I know the money I pay in sale's tax and all of the
fucking income taxes bled out of my paychecks and even light
and water bills, pays THEIR saleries.

Bunch of cocksuckers.

One of my anime-binges.

That anime
Higurashi: When They Cry confused the absolute crap
outta me because it was just a bunch of disjointed stories
killing off the same people in different ways. The violence and
the mystery was awesome though, but I still didn't have enough
drive to finish watching it... (shit, the opening scene showed

Keichi bashing the shit out of some girls with a metal baseball bat. It was bloody but not as bloody as the opening scenes of Elfen Lied. So I took the suggestion in watching Boogiepop Phantom and so far its more depressing than creepy. I liked Ghost-Hunt better because it had a 'normal sense' of paranormal horror. I don't know... It's just that mystical creatures don't really do it for me anymore.

A buddy of mine is trying to convince me to watch Mermaid Forest and I might just do it if I get bored again. It has something to do with people becoming immortal by eating mermaid flesh. It's supposed to be horror, but considering that it's from Rumiko Takahashi, there's no telling if its horror, or just action/adventure/romance/comedy and quite frankly all four of those genres that I've just mentioned, give me the scratch already. (from what I'm told, it's actually more mystery/drama/ with a smidge of romance, so I might start watching it tonight in animation tonight)

I'm just soooo bored!

ANIME SUGGESTION: Rumiko Takahashi's 'Mermaid Forest'
I watched the whole entire thing in just two days and it turns out... THAT I LOVED IT! WTF, right?! HAHA!
Anyways, just a recap of the story. This guy named Yuta who has

been alive for over 500 years because he gained immortality from eating mermaid flesh, rescues a human girl named Mana from a village composed of mermaids that had been raising her in order to eat her and regain their youth. In order for the whole 'youth revival' thing to work, they had to kill one of their own and feed some of her flesh to Mana, thus making her immortal (to be eaten, mind you). I won't say anymore because you HAVE TO WATCH IT! Go to:

<http://www.animeratio.com/anime/mermaid-forest/episode-1.php>

Its only thirteen episodes long, but I must warn that its for a more mature audience, since there's some scenes that are bloody, rather disturbing and there's even some near rape scenes tossed in there. The thirteenth episode was said to be so strong that it couldn't be aired on Japanese television (I watched it and it was indeed very graphic and bloody), so it was sold only on video. At least ALL of the episodes are on animeratio so people won't have to go site hopping in order to watch the whole series, including the infamous 'bloody episode 13'.

I expected it to be full of sappyness, but I was thrilled to see that it wasn't a 'regular mermaid story'. The so-called beautiful mermaids were actually quite ugly with deformed fishlike faces that had mouths full of huge teeth (they like biting a lot too).

There was also some tragedy behind the consumption of the immortalizing 'mermaid flesh'; it could either on very rare occasions grant immortality (until said person's head gets chopped off); a painful death; or make them into a 'lost soul' or 'deformed one'; an ugly humanoid fishlike monster that kills and eats everything they can get their claws on.

To tell the truth, everytime a mermaid showed up in the anime, I got freaked out because I knew it couldn't be good. This anime made me SCARED of them. I will never see 'The Little Mermaid' the same way again! LOL

Rumiko Takahashi did a banged up job of making the cutesy mermaid myth into a horror story. I mean I've heard that legend before. Shit in fact, where I come from there's some legends as well...

The eating of mermaid flesh grants immortality; mermaids lure men into the ocean to drown and eat them; mermaids masquerade as mortal women in order to be impregnated by human men; mermaids aren't as beautiful as in fairytales (according to ancient 'encounters' of fishermen facing them, these 'creatures' were often described as being more like a humanoid fish, with really deformed features and jagged teeth and talons); seeing a mermaid signals bad weather like sea storms and hurricanes; mermaids are usually wary of people but do become violent if they need to.

This anime, I think, really followed all of the un-fairytalelike aspects of the mermaid myth. It really went into the negative side, making mermaids seem more like deceptive heartless animals that were not only victimizers, but on many occasions victims themselves (for the whole 'immortal mermaid flesh' thing).

Why the fuck was I so scared of watching this anime?! I feel so stupid now. Every time someone told me to watch it, I was like: A mermaid story? Fuck no! I don't want to see something as dorky as

that. But I enjoyed it. It's a damned shame there isn't more... *sniffle* I thought the only scary mermaid stories I've seen was that cheap Sci-Fi movie

'She-Creature' (did I even get the title right?) and that one episode of

Pet Shop of Horrors called

'Delicious'. I think

Speed-grapher had an episode with a mermaid as well. She killed people by luring them into the water with her I think. She was a hired assassin of some sort.

Anywho! What will I watch next, I wonder! (probably will give Higurashi: When They Cry another shot, ne?)

ANIME SUGGESTION: Ghost-Hunt

Since I've been bored,

I've started rewatching GhostHunt. It's a pretty good creepy anime. Not the usual mushy kind, but more of the type of anime that deals with ghost hunting investigations. (you know the whole temp gadgets, nightcams and priests/priestess/monk exorcism.) The background stories are pretty cool too. It's a lot better than it sounds, so if people are retarded enough in expecting a scary anime

with monsters and swords to be the only good thing, then you need your head examined.

This anime far exceeds the expectations of what a creepy anime with suspenseful ambience and unpredictability SHOULD be.

High-school student Mai Taniyama, a girl who loves telling ghost stories, finds a job working for Kazuya Shibuya, a psychic investigator and owner of Shibuya Psychic Research. They, together with a Catholic priest, a Buddhist monk, a dubiously-skilled priestess, and a famous spiritual medium investigate all manner of supernatural activity, from curses to hauntings. Really, the setting isn't much different from what you'd expect to see on one of those live-action 'ghost hunter' shows. Except, you know, the houses are actually haunted in Ghost Hunt.

To watch the entire anime for free, go here:

SUGGESTED ANIME: Hell Girl (or) Jigoku Shoujo. (FANFICTION REQUEST)

Yet another anime suggested
by a buddy that has been dying for me to do a Ichimoku Ren/OC
fic (apparently there's not enough fanfiction for this fandom
which is shocking considering that its three seasons long and

it's a pretty unusual and interesting story).

I'll admit to snaking around this anime for awhile, without giving it much thought, but I'm glad that I gave it a chance after continuous nagging.

To give the basics, I'll just start by saying that the anime is about a site that people can access just at midnight.

It's to seek revenge. The person that accesses said site puts the name of the person they want sent to hell and alas, Jigoku Shoujo (Enma Ai) shows up offering a straw doll with a red string. If the person pulls the red string, the revenge will be dealt with, but at a price... The person who seeks revenge will go to hell themselves when they eventually die as payment for Enma Ai's aid. Usually the revenge scenes are rather nightmarish; involving the cursed person being questioned about their 'sins' and being psychologically tortured with illusions until at the last moment, Enma Ai does a little chant that ends with 'Do you want to try dying this once?'. After that is said, she rows a ferry carrying the cursed person through the gates of hell (sort of like the legend of River Styx).

Did I make much sense when I explained that? LOL Anyway, she also has three helpers that assist her during these 'revenge' scenes. That explains why the Ichimoku Ren fic that was requested of me (I'll do it after I do more research to write it perfectly. I'm a bit of a freak for detail).

Ichimoku Ren is one of Enma Ai's helpers. I won't say much about him since I'd be giving spoilers to the series, but let's just say that he's a young good looking guy that has his left eye covered with long black bangs. He's a bit of a narcissist, but not exaggeratedly so (the guy knows he looks good and isn't afraid to admit it. I've also noticed that he can be a bit callous in saying some things; perhaps due to him not being 'human'.) It took me a while to get 'used' to his character, since I'm more into redheads (a little fetish of mine) and he's a brunette, but in the end, I have a weakness for hot anime guys. Darn you, Celeste for nagging me for months! You know that Mills requested 'The Solitary Twin' and now lots of people are counting on me!

I might write the first chapter after careful diligent brainstorming, but in the meantime I'll work on the next chap for 'The Solitary Twin'. I will no longer take requests because sometimes it's really tough keeping up with them. I have a old Sesshomaru/OC request pending for over the last couple of years (I might never get it done. I have a knack for rarely seen anime)

To see this wonderful anime for FREE go to these links:

Hell
Girl Season 1

Hell
Girl Season 2

Hell
Girl Season 3

And yes people, these links are free-to-watch anime. I wouldn't suggest something you have to pull out a credit card for. If I suggest an anime/manga, it's because it can be seen for free in a site. I like to help people enjoy it without a price and there's so many great sites that dish it out to us. I really hope that anyone that sees Hell Girl enjoys it as much as I did. =)

THE STUPIDEST SHIT IMAGINABLE

I can't believe some of the shit that happens to me and this shitty assed computer! Just two days ago, a virus ate up my wordpad files (stuff that had EVERYTHING to do with my fanfics) and messed around with my internet connection... This means that I have to rewrite shit.

I'm so mad I could kill

someone. Especially the motherfuckers that create viruses for shit and giggles!

Sorry for the delay, but I don't like abandoning fics and now I feel ready to take this on till the very end! I would like to thank all that have reviewed and favorited this in both AFF and FF.net. Your support means bunches to me! For us writers, hearing from our readers is a true gift and having people still hanging on and trying this fic out in spite of its 'hiatus status' is really heartwarming... Okay! I'll shut up before getting sappy! *blushes*

For those that wish to know of updates, I think you all should know (if you don't know already) that I have an account at fanfiction.net. That site has 'story alert', so if you happen to have an account there, feel free to put 'Salvation' on alert to receive the newest chapter uploads via email without having to check here every day. The link to my ff.net account profile is in my AFF profile (or you could look up my penname 'MirrorsO').

Thanks again! And feel free to tell me what you guys think about the Tatsuki bombshell in this newest chapter! Hehehehe...

As for the lurkers... *sigh* You're not as invisible as you think. I could name quite a number of continents and countries of 'lurkers' scavenging through my stories without uttering a word (geez, hundreds of hits per chapter in just one a week without reviews is a bit on the rude side, don't you think?). Make yourself be heard in the fanfiction community for all of us frustrated 'freebie' writers! I've sadly seen a bunch of good fics come to a stop because writers think that they aren't being read, so yeah. Can't let that happen... I'm going to start a reviewing wave because let me just say... I like reviewing as much as I like writing and I don't want my fave fics to be put on hiatus like a particular Ulqui/Hime one that hasn't been updated in nearly a year! :-)

And as for the questions from

JoshB This fic is actually a sequel, though I tried to fill in the blanks for it in this fic so people wouldn't have to go back to the prequel 'Reflection'.

WARNINGS! SPOILERS FOR THOSE WHO MAY BE PLANNING ON READING 'REFLECTION'!: In 'Reflection', Ogichi used to possess Ichigo's physical body completely in order to be with Orihime. This created a lot of conflict, because even though Orihime could see Ichigo's Hollow clearly when he was under control, everyone else just saw Ichigo with strange behavioral patterns. And the reason why Ichigo now acts like everyone is the enemy is because of the revelations in the prequel. He learned that he wasn't as strong and as protective as he thought himself to be and that some 'well-meaning' mistakes created resentment in others.

He began desiring Orihime, but it was too late because she had fallen out of love with him and was falling in love/obsession with his inner Hollow that had seen Orihime's unrequited crush for Ichigo from the beginning even though Ichigo was too blind to see it for himself. This created a

love triangle that ended up dragging Rukia and even Tatsuki into the mix. Rukia was angry at Ichigo thinking he was cheating on her and resentful towards Orihime thinking she supposedly had sex with Ichigo (when it really was his Hollow) to get back at her. Tatsuki on the other hand was trying to come to a peaceful solution that wouldn't hurt any of her friends and only ended up supporting Orihime's blooming relationship with Ogichi and pushing Ichigo who was steadily growing moodier and angrier at the odd couple into a corner to stew over his mistakes.

That explains why this fic

'Salvation' shows how everything deeply affected him and everyone in their group and how he slowly reaches his goal at being whole again in coming to grips with it all (not just Ogichi and Orihime's relationship, but everything in general). The last chapter of 'Reflection' was what actually set the mood for the sequel 'Salvation', so people that don't feel like reading a 'hime-pairing' but want to know why Ichigo was so depressed in the beginning of the story could go the last chapter of 'Reflection' to at least get a 'feel' of it.

=)

you believe I had to post this twice! Stupid site won't let me edit ANYTHING!

Hope you're not too disappointed in me. I

was a total douchebag for not updating in so long but I had a bunch of technical problems along with other things. I'll continue updating so you can continue reading! ;-) Your reviews really help to keep me going! Don't worry! Though I do get writer's blocks (hate those things) I always think about my fics (most of the time I'm in lala land thinking of plots and ways to write them down. *blush*) Thanks! Believe it or not I used to be wary of Hime-anybody fics because usually the male paired up with her would be OOC, but I gave it a shot thinking 'I can make her stronger little by little and keep Ogichi in character while doing so'.

grins And Ichigo and Tatsuki can be a very explosive pairing (some writers kinda make it too 'comfortable' for them because of that whole 'friendship' thing, but I purposely created a rift

between them to make it a bit spicier. Heheheh) And Uryuu's mystery woman will be seen close to the end of the story (unfortunately). Its a veeeeeeery minor side pairing, but I'm sure some people will like to know more about it (depends if more of my readers would like some juicy random shots in chapters of Uryuu and his secret girlfriend to build up more suspense. I'm not sure yet since I'm not used to adding other pairings into the same fic.) And Isshin reminds me of a friend of mine (I sometimes feel like decking him for being so crazy), so writing his POV is a treat and pretty easy for me. Glad you're enjoying this fic!

Finally! Justjournal seems to be in working shape again! Anyways... About where the story is going (I'm not giving too much away so don't worry)... I like putting a lot of 'mini-plots' into fics that cut out a bigger picture, so yes there will be more drama before the 'great climax'. No worries though, since I have a habit of making endings somewhat bittersweet (at least that's what I strive to do), Salvation's ending will surely satisfy everyone.

I do like angst, but I won't exaggerate it.

I'll try to keep it moderately realistic with Tatsuki's pregnancy and her insecurities and Ichigo's anger over Uryuu's and Yuzu's relationship. That's a 'mini-plot' that falls sort of like a puzzle-piece into the whole plot. Believe it or not, I sometimes DO get depressed when re-reading some of my fics. LOL So I'll try my hardest to not be so depressing by adding a smidge of hope for the characters.

Because how can anyone go on without any rays of hope, right?! =)

According to a chat buddy of mine the national consent age in Japan is 13. (SHOCKING!) But districts can change the age, so ages may vary between 13 to 18 years of age depending on location. In Salvation, I'm saying that Karakura's age of consent is 16, so if people find Uryuu's and Yuzu's relationship disgusting, well... It's legal, according to me who is writing this story.

On the subject of this chapter...

Consensual sex with mutual attraction and AGE LAWS APPLYING is very different from some sick shitface raping a kid! Low-age consent laws only apply to natively-born citizens of said country.--

Def>: traveling American pedophiles are as fucked there as they are here.--

No child wants a disgusting slobbering old fart all over them. All child-rapists should be bleeped, publically butt-bleeped with rusty tire-irons and left to be eaten by a swarm of hungry buzzards, inbred cannibal-hillbillies & rabid beavers! (I thought adding in a bunch of mutant butt-loving hornets, angry lab monkeys and giant rapacious martians would be laying it on a little too thick)

Unfortunately laws are too sickeningly humane when it comes to such filth which is why these sick fucks still commit such crimes against children because all they get is a couple of years in jail, instead of a well-deserved castration.

gollumsfriend- LOL. Yeah, I kinda gave off some hints on their first lemon so people wouldn't think the pregnancy came out of the blue. Tatsuki won't tell Ichigo right away. At least I don't plan her too because the pregnancy is actually a minor milestone in their relationship. And thanks, it's good to be back working on this fic!

BattleCry- Yeah. Their relationship bond is a lot closer that they imagined. A baby kinda makes it more profound for them. I LOVE this pairing! It has so much good drama potential! Ichigo and Tatsuki will have a talk eventually. Well everyone involved in the story will need to have a talk because in a way, they're all going to get personally involved in a long chain of events. I think all of the characters, not just Ichigo and Tatsuki need to grow up and learn how to put aside their differences in order to have a better comraderie/friendship. I'm sure you're going to like it! And again sorry for taking so long in updating! I feel like a douchebag for it! I WILL finish this fic. I think I speak for everyone when I say that we really need more Ichi/Tat fics in this fandom (most of all finished ones). =)

toujourseveille- Thanks a lot. I try to give stories a good pace because rushed fics make me kinda lose track of events. *blushes* Glad you're enjoying the fic!

johnny redgrave- thanks! I hope I won't go through another writer's block again, though I've been sooo busy lately.

PS: Can you believe some anonymous little girl flamed this fic at FF.net? Whatever. I'll survive. She made me giggle! Because after all... I'm the twisted mind behind the story while she's... I don't know what the fuck she is, nor really give a fuck. Oh well! Some people seriously need to get their facts straightened out before coming to me venting their infantile redundant bullshit. I'm still laughing here just writing about it!

And before I forget. In my Fanfiction.net profile (MirrorsO is the penname) I have set up a poll to see what I should write next. It depends on ALL of my readers, so if you see something in the choice list that you like, don't be shy and VOTE. Unto nice things!

Since I've finally blown off steam and probably shut the kid up for once (at least until she stops being so spineless and gets an account which is kind of a bad idea

considering...) I will talk about happy things! One: I'm suing some asshole that owes me 4000 bucks. This is the second time I sue him and the hearing will be on the 22nd of this month. (he has three arrest warrants so this is not gonna look good for him)

I finally got over my writer's block on The Solitary Twin and have started passing off some of my old Inuyasha fics to ff.net. I got people faving them like crazy and sending me pms to write more so I might just take them up on their offers. They're nice unlike the retard I've been obviously saddled with for my Bleach fics.

My daughter has lost her first babytooth. Yay she's growing up! She just pulled it out herself and handed it over quite proud of herself.

Lovewise I've met someone wonderful and that explains why some of my undating is slow and chapters are short. Sorry but I do have a social life *winces*. This weekend I'll start cramming for my fics to not leave people hanging. I hate leaving people hanging around for long.

X-Mas shopping has started and so far since I like to start early, I've spent at least \$800. My pocket is NOT happy.

Since I've been getting a bunch of pms regarding The Solitary Twin I'll update THAT for awhile after uploading another Inuyasha humor-shot for people that liked my first one (A Campfire Story).

Ahhhh... Life is good, isn't it?

Stuff You Might Be Seeing Me Working On In The Future

My Dark Light

A very embarrassing AU Inu/Kag humor high school fic I wrote when I was still in high school. I'm strongly debating on even uploading it, but if people like the idea of it I might write down the few 'notebook' passages of it.

Twice In My Lifetime

A inverse Kag/OC with lots of references to Inu/Kag. NO KIKYO BASHING. (I like Kiky now unlike in the past.)

The Word

Another Inuyasha humor-shot that goes as a thank you for all that reviewed and faved 'A Campfire Story'.

That Shadow In The Corner of My Eye

An Ulquiorra/Orihime long oneshot as a thank you to a mature reviewer that likes this pairing.

What The Heck Are You Doing?

A humor shot of Ichi/Ruki. Some fluff, some sexuality and perverted humor. Inspired by a remark one of my reviewers said in a PM about Rukia being well... dead already. It's not bash though my reviewer begged me to ridicule this couple.

Lets Poke It With A Stick To Make Sure It's Dead

A T-Rated Bleach Crack-fic inspired by Mikey-Mike who ranted to me in an email about there being far too much romance fanfiction in a very SHOUNEN anime fandom. He's does have a point! This is a thank you to him since he kinda' likes this stuff.

Three Days

A yaoi fic for Byakuya/Ichigo.
Humor/Romance

Last Heartbeat

An original dark erotica fiction. Not for the squeamish. It will have tragedy eventually. Will be only at Mediaminer, AFF and Ficwad.

My Hot Demon Neighbor

A story requested a couple of years back.
Sesshomaru/OC. The friend that requested it wanted someone that was slightly overweight as his love interest.

Teach Me

For The Wallflower.

Takenaga/Ranmaru BoyLove. No lemon but full of heavy petting.

One Last Time

An old Inu/Kik request.

Sit On It And Twirl

A Mary-Sue bleach Parody. And yes, I've created Mary-Sues before and yet I'm not afraid of writing this.

Being Hollow...

Ulquiorra/Momo. Dark themes, yaoi, mentions of groupplay, but the fic will mostly be het while the yaoi and orgies will only be referenced as vague past events. Will probably be only posted at Mediaminer, AFF and Ficwad.

What Cannot Be

A Byakuya/Rukia AU.

Mommy and Daddy

A request from Mills. She's always wanted to see Tamaki as Seme over Kyoya.

Quotes To Flamers That REALLY Seem to Set The OFF

Quotes towards FLAMERS, by yours truly. For humor purposes. I'm actually quite nice: (fellow authors may use them as long as they remember to say who made them up. And seriously people... Don't take these too personally. I too happen to have a sense of humor. I wrote these mostly to make my own self laugh and felt others may like them too)

"Piss off from my story, you stupid cow!"

"Remind me to give a shit when I write a story especially for you."

"Don't shoot me! Shoot the one pointing a gun to your head forcing you to read this!"

"If it isn't constructive; it's trash." (tribute to Ulquiorra)

"And I care about your opinion because...?"

"I am GOD of REVIEW DELETION!" (for those un-signed reviews from annoying flamers)

"It's not 'don't like, don't read' anymore. It's now 'don't like, don't bitch'."

"MY computer, MY time, MY internet connection, MY fucking story. Deal with it."

"Bitch at me AFTER you have written a fic of your own." (for those flamers that don't even have measly drabble in their profiles. Yes... We sometimes get those.)

"Okay... Is this the part were I'm supposed to slit my wrists because you hate my story?"

"Damn! Where the heck is my bug-shut-the-fuck-up spray when I need it?"

"You know you're just saying that because you're too far away to get the shit beaten out of you."

"Doesn't it feel good to go off at people without them being able to kick the holy-snot out of you? My aren't you a brave one!"

" I could give two shits if you are disgusted by it because no one is forcing you to read it."

"Eat shit and fuck yourself before making me read your cock-sucking bullshit in my review section."

"Here's a tissue. Get over yourself."

If you read this and got offended by it, then you're a cocksucking idiot that shouldn't read fanfiction.

My Standing Regarding Pairings

Believe it or not, I do take requests for any pairing or situation. I'm not a picky person that sticks with only one person. I usually do them as oneshots, but if the story is especially complex I make it into a longfic. I do always strive to finish long fics even if it takes me years, but I don't have a very stable upload schedule and sometimes updates for long fics could take months or just a couple of days depending on my time. Now I'm just throwing out requests and old notebook stuffs I had in my closet (all oneshots) before returning to my long fics that I will very happily update even if it pisses some immature crybabies off. Love or hate my stories, I don't worship anybody in specific. I do love reading fanfiction and do have some favorite characters but I don't make FCs or start boards to bash another character. It's not within me and its downright stupid to get so riled up over something fictional. My fave characters so far and pairings I do seem to like (not to the point of obsessive fanworship that makes me stuck writing only for them) are:

Bleach: Ichigo/Rukia, Ichigo/Orihime,
Ulquiorra/Orihime, Byakuya/Ichigo, Hitsu/Rangi, Gin/Rangi,
Hichigo/Orihime, Byakuya/Rukia, Kenpachi/Soi Fon,
Ulquiorra/Ichigo, Nel/Ichigo, Rukia/Orihime, Grimmjow/Orihime,

Grimmjow/Rukia

OHSHC: Kyoya/Tamaki, Hitachiincest,
Haru/Mori, Hunny/Haru, Hunny/Mori, Renge/Tamaki

Inuyasha: Inu/Sessh, Inu/Kag,
Inu/Sango, Sessh/Sango, Inu/Kik, Miro/Kag

The Wallflower: Ran/Take, Ran/Suna,
Kyo/Suna,

Blood : Karl/Saya, Salomon/Haji

Trinity Blood: Cain/Abel (I'll admit to
HATING Esther so anything with her is a NO GO with me)

So if you have a request for ANYBODY
doing ANYTHING tell me and I'll see what I can do, but... Don't
stupidly try to make me think the same way you do. I'm too
freaking old to put up with little girls that can't take a hint
that I just don't give a shit if their character is getting hurt
because of a plot. I've already had two or three random bitches
(maybe all the same one) telling me how immature I am to not
build altars to fictional supposedly cannon pairings. I just
don't care. I don't bash anybody outright (don't request for me
to do that) because though I don't favor a pairing, I don't hate
any either. And if my thoughts are immature to anybody reading
this, then you're a dumb piece of shit that needs to grow up and
learn how to wipe your own ass.

Sorry towards anybody offended by that.

I hate it when psychotic brats try to tell me what to do. Also if
you want me to review a fic, pm me or review me. I love to
review! (I don't flame people. I leave those to the people that
get the shit beat of them every day because they're losers in
real life. C'mon! You guys know I'm so right!)

For Sensitive People Planning On Reading Salvation or Reflection

Regarding the backstory of Salvation:

You guys have no idea how many Ichi/Ruki or plain Ruki-haters are out there! When I saw people were just reading Reflection to see Ichigo and Rukia suffer 'divine punishment' I had to tell them...

"I actually READ Ichi/Ruki so don't get the wrong idea. They're just suffering because its part of the plot."

Of course, people still thought

Reflection was a delicious 'revenge-fic' for all anti-Ichi/Rukis.

Some of them were even a bit scandalized when I decided that the sequel would have Ichi/Tat instead of making Ichigo 'happy' by having Orihime hook up with him while keeping the hollow on the side *snorts*. I mean the guy was making moves on her while still being with Rukia... Won't spoil too much! Read the fic in AFF if you're so curious!

Reflection:

'what goes around, comes around'

Salvation:

'now its time to pick up the pieces so everyone could be happy for once'

Please don't use the comments feature in my stories to vent your frustration at my pairing choices. That's what forums/communities are for. If you happen to like these pairings and are not emotionally biased, I hope you thoroughly enjoy my writing and kindly leave a review even if its to point out typos. AFF has anon-reviews activated (and a strict no flaming policy). If you have difficulty passing the age-verification page (that should promptly send you the story

after its proven that you are of age), its only because you are simply not old enough to read X-Rated content. Sorry, but it can't be helped. FF.net M-Rating is 16+ and my uncensored fics are clearly very 18+. I know its only two years but rules are rules! =(

I'M NEUTRAL! I can make pairings or break them at my leisure because I don't idolize them. All I care about is plot, story execution and the dramatic ambience, not whether the pairing is well-liked or if they are even cannon (I like crack pairings more than anything, so expect weird stuff to come from me!).

Here Pussy Pussy

The RIDICULOUS Reviews this kid left me that started it. You can tell its just a sad kid with some real reality issues WARNINGS Get ready for huge loads of immaturity and ME bashing this stupid kid! Enjoy! Me is in ():

Hinimorai: Wow! what crack and crap stories you must write judging by this one shot pieceof garbage. (yet you still read this piece of crap? My aren't I lucky?!)

It totally kills any desire to anyone with an IQ to go checkoutany of your other stories where Orihime is basically a hollowslut and Ichigois a nutjob from being screwed over by her and Rukia. (yet you flamed Salvation earlier and apparently knew the WHOLE story. So I guess that means you don't have much of a IQ either.)

How old are you, 12? (no I'm 28, honey. Go back to your nearest headstart considering your age)

Ican't imagine you being much older judging by the idiotic storylines you'vecome up with. (And you are displaying your maturity how? MY THE INFINITE WISDOM! OPEN THE COSMOS BEFORE ME GREAT O POWERFUL ONE! lol)

I checked out your bio page to see your age, but it wasn't listed...big shock. (my aren't I loved. She checked my bio! AWESOME!)

Obviously you've gotten negative reviews before judging by your childish Quotes towards FLAMERS. (because FLAMERS are funny to make fun of!)

I laughed at this because it only portrays you as an author who can't stand any review unless it's blowing smoke up your butt about how great you or your story is. (SMOKE UP MY BUTT! YES! THAT'S WHAT I LIKE! YOU'VE READ MY MIND!)

So I fully expect you to delete this review as you're too much of a coward not to. (I've got something better... Put in my online journal to laugh at whenever I'm down.)

But I will use one of your oh so clever quotes with just a slight bit of alteration to send to you. "Piss off from writing, you stupid untalented cow!" (The word 'cow' must offend you for you to use that particular quote. I'm so sorry!)

This is the second review that displays her reaction to being criticized. It's quite funny actually because you can tell she really got pissed!:

Hinimorai: Rotfl, Ha, ha,ha, ha! Omg, I was kind of concerned MirrorsO that you wouldn't respond to my review, but not only did you, but you called upon your girlfriend to respond as well. (DON'T DISS MY GIRLFRIEND YOU ILLITERATE LITTLE WHORE! Do you want to go on a date with me because you must be in love with me to review the same oneshot twice. Just asking! I loooooove such intelligent mature girls)

You and Skelle are absolutely two of the biggest idiots to grace this site. (and what would THIS make you? Wondering...)

I was laughing my ass off when I read your responses. (do I sense that you are a bit peeved? Your typing is a bit rushed. How long did it take you to write these wonderful words of wisdom? How long did it take you to think it up?! TELL ME YOUR SECRETS!)

Lol, as for sore holes Mirror I guess you would know all about those after Skelle pulls the strap-on out from you. (no actually, she likes it when I fuck her. I guess you don't know everything. There goes a good girlfriend possibility)

Also, besides confirming that you're a whiny crybaby 12 year old who can't stand to see a negative review, you're also a liar. (Says the whiny crybaby that is whining at my fic... AWWW... I really feel sorry for you)

Show me any negative review you've ever kept on a story other than the one I left and you only did that because I called you out on it, you thin-skinned bitch. (how did you know?! I get so cold

lately! Must be my little skin-condition are you psychic?)

As for my review drawing in more readers for you I'm not too concerned since you only have about 6-8 of the same people who read and review your crap in the first place. (another wrong assessment. This fic was 72 reviews at AFF and had 8 more review in MMorg, also it has 98 5 star rates. So yeah... I guess I do have few readers)

So if that increases to 9 or 10 oh no, lol! (More than a little pussy like you would ever have. I'm being nice when I say this!)

Btw, Mirror, go have a psychologist read your stories and then give you assessment of your sanity afterwards. (I'M CRAZY! Honey, I AM a psychologist and by these reviews the one that needs tons of medical attention is you. I'm saying it out of concern for your mental health.)

I can guarantee you won't like what they have to say, can anyone say Scizofrenic Psycho. (OMG LEARN HOW TO SPELL BEFORE FLAMING SOMEONE PLEASE!)

Oh and to Skelle, I apologize if the term "slut" hit a nerve for you. (apparently 'slut' offends you as well)

I didn't take into account that's a word you probably hear everyday. (As much as you hear the word 'cow')

Oh well, I could go on and on pointing out what truly pathetic, childish, weak-willed pussies you and Skelle are all day long but what's the point. (If I kept on, you WOULD have kept going. ADMIT IT, you loooooove me!)

It's like stating how crazy Charlie Sheen is or how much of a skank Paris Hilton acts like. (where the fuck did this come from? I'm confuzzled.)

All I'm doing is pointing out the obvious. Whether you Mirror or your girlfriend Skelle decide to respond to this I don't know. (if you're here reading it, you've got my response little pussy)

I hope so, because I think everyone needs to laugh at least once a day and your replies are hysterical. (Thanks for the compliment! *smiles happily*)

Actually, I'm not surprised about your response Mirror. With a superficial pen-name like that only shows that the one person you love more than anything is yourself. (do you have something against us beautiful people? Not EVERYONE can be a FORTUNATE to be as ugly as you, hon.)

These kind of people make fans look like shit. There had been an extra review from Skelle that said something about me having to

call the cops because I had a stalker madly in love with me but I deleted it (she understands) because I really finally got fed up. I don't like dealing with stupid people and this girl was definitely stupid judging by her bullshit. Only a stupid person would use a fanfic as a fucking anti-FC. I hope you guys notice that after I disactivated anon-reviews, this little sour pussy didn't say shit again. Who's the thin-skinned bitch now? Me who posted this in my online journal, or her that hides and bitches about reading things she knows she isn't going to like?

To The Person That Wanted To Know What The Flamer's Deal Was

I have a pretty good idea on who this might be and being someone that is writing a fic of the same concept of the T section that has only gotten 2 reviews for being three chapters long, I think she's just jealous. (makes me smile) Salvation has 21 chapters, 51 reviews in AFF (72 FIVE star rates) and 42 more reviews here. For being only 21 chapters, it definitely has more reviews than other Ichi/Tats per chapter ratio. I guess its because I suck as a writer! Teheee! GRAND TOTAL! 94 Reviews (at least 2 FIVE STAR rates count as a 'blind positive review' so divide 72 by half and do the math.) Also considering that the censored version in FFN of Salvation was actually uploaded in its entirety (8 chapters all at once... 2 to three uploads) getting 42 reviews is pretty good and displays a great deal of respect from other fellow readers and writers.

I DO count all reviews together, you know. The Solitary Twin, 14 reviews in MMorg, 37 reviews in FFN (despite me uploading the first 10 chapters all at once as well. WHATDOYAKNOW? I'm loved!), 26 reviews in AFF (believe me, getting one review at that site is like getting a hundred. Its very rare for people to review there!) and 44 FIVE star rates for only being 13 chapters long... And guess what, one of my reviews in MMorg is from someone that didn't like the yaoi in it despite me warning about it continuously. My response to her complaint was a very juicy YAOI lemon between very loving hentai twin boys. She never replied back. =)

Then I uploaded ONLY ONE chapter as an excerpt of Reflection and well as you can see... I dunno whose the sore loser anymore, honestly. I'm not saying this to be arrogant, but seeing the stats and number of people that read my stories daily I think I'm a pretty 'okay' writer. I'm no Anne Rice or Stephen King, but I do have people that do enjoy my writing and I'm happy to please them for FREE. I don't do it for myself, I do it to make other people happy, have a laugh, a cry or make them learn something insightful. If flamers missed that, then *shrugs* I guess they need to go back to school to learn how to read.

Note most flamers are shitfic writers themselves, or writers that have gotten tons of reviews and have gotten full of themselves, people that just had a very bad day, or people that had the same as idea as you and can't stand to see you doing well with it BEFORE them. This girl obviously tried to emulate something dramatic in her own Ichi/Tat and it only came out rather childish, un-descriptive and occ. I'm not even going to review her because I know that she

desperately wants to be reviewed and if I just tell her that, she'll say I'm flaming instead of giving her some contrit.

I hope that whatever problems you're are having get resolved. Remember, flammers are just losers that have nothing else better to do with themselves, so don't stop your writing before of someone saying you suck because from what I saw in your story, having 122 positive reviews with good contrit, and only one little flame really speaks highly of your ability as a writer. I've read some of it and am now in the process of reviewing it myself. **AND YOU BETTER NOT STOP WRITING IT!** I actually really like your story!

UNTO FUN STUFF!

Anyways, since I'm really sick and tired of talking about the same old shit (please! No one ask me about it anymore! I wanna' talk about something normal! I'm so totally bored with the 'flamer' subject and need to talk about other things...)

Like... **MY STUPID FUCKING NEXT DOOR NEIGHBOR THAT NEEDS TO GET SHOT IN THE NUTS!**

Okay... I may have exxagerated there, but this guy is really pushing it with me. Every fucking morning (well from monday to saturday) this little crackheaded SOB has his 90-year old girlfriend blowing the horn at his house at 6:15 .

On weekdays, its tolerable since I do have tons of shit to do but **ON THE MOTHERFUCKING WEEKEND???** WHAT THE FUCK???

Let's not forget his Beverly Hillbillies lifestyle. This bastard has **CHICKENS** in the suburbs! What kind of moronic inconsiderate shithead has chickens walking around into other people's lawns and porches? I'm sick of have to clean up **HIS CHICKEN SHIT** from the sorroundings of my house!

I asked him if he had lived in trailers before and he dared to say that he found my question offensive and that he thought I was secretly calling him white trash (damn, right I was. Guess he's a bit smarter than I gave him credit for, so getting upset for him saying exactly what I think of him doesn't count as an insult to my person)

A couple of days ago, one of his beloved chickens and a dog chasing it got into my porch. Well, I don't endorse animal cruelty so I simply locked myself up into the house (the dog scared me!) and let the dog slaughter the thing. (Believe me, calling animal control couldn't save that chicken. I really did feel like shit for not being able to do anything for that unfortunate creature). After the dog was taken away to the

pound, this retarded ASSHOLE went off on me for not 'doing something' for his chicken named Mindy. OMFGWTF????????? He was practically crying about it! I offered to buy him a new one (they're cheap, but I'll have to drive out of town to buy one since I do live in a civilized community with cellphones, giant flatscreens in every corner and toilets that automatically flush themselves) and that only got him MADDER at me!

Anyways, his fit drew attention to me and now some people are making fun of me for it. (well, I'm laughing right now because my life is never boring!) Now they call me Chicken Killer and whenever they see the guy they talk about his dead girlfriend Mindy. I live in a nearly all Puerto Rican neighborhood and let me tell you, we can be pretty cruel to other people especially when we feel the other person asked for it. We're naturally sarcastic comedians.

Just wanted to load this into my online journal just in case people think they have boring lives can giggle at HOW STUPID my poor life can be.

TOP 20 FUNNY THINGS!

The countdown begins... THREE, TWO, ONE!

ã

20. "You goddamned cellphone-toting whore! I should ram my Toyota up your ass for doing that stupid shit!" My Grandfather Miguel, age 72. He hurled this out the window of his car just last week when a woman talking over her cellphone nearly ran him off the road. She of course sped off in fright.

ã

19. "Get off the road, you piss-drenched shitballs!" My friend Ricky, age 29. He yelled this out his own car window two days ago at some guy that kept moving from lane to lane while giggling. When we sped by this giddy very charismatic person, Ricky added "FUCKFACE!" to the wonderful display of what we adults call 'Road Rage'. After this occurred, he started singing quite happily to himself some song that went like "Spread your legs and get prepared to be FUCKED" while I stared in traumatized wonder at the windshield.

ã

18. "Beaver-Weaver." I don't even REMEMBER where I heard this, but... HOW CAN SOMEONE WEAVE A BEAVER?!

ã

17. I don't remember most of the insults in this one... But I really loved this guy. His name was EVOL and he was a member of the board nosftu.com (no longer exists). Anyways, I was also a member and I noticed that this guy liked putting other people down and acted like he was so far up his own ass he couldn't even smell common sense anymore. I called it out on him and he wrote 13 pages THIRDTTEEN PAGES insulting me, every conversation I'd had on the site, and everyone that had ever talked to me. And listen to this... I came with the BESTEST COME BACK EVERR! He truly honest to God got as rabid as festering squirrel shit when I wrote this back to him.

Wait for it...

Here it comes...

The suspense!

PREPARE YOURSELF FOR MY WITTY INSULT TO HIS INTELLIGENCE! GET SOME PAPER AND PENCIL! I'M IMPARTING FLAMING EXPERTISE!

"LOL"

THAT was my comeback to his longwinded rant that could have become a star winning novel in the emo-wannabe shit department. Eventually the mods got fed up and banned both him and his IP and told me to cool it. WHAT NEEDED COOLING??? I just said "LOL". Note: I was 14 years old when that had happened so I did it to REALLY get on his very 'adult' nerves.

ã

16. "Call me that after you've wiped off that crusty cumstain off your hairy snobby ass-crack." Adam my EX-boyfriend aged 19 when he had said it. Said it to some 'preppy' guy that called him a fag for wearing eyeliner. The funniest part was that Adam was very calm and nonchalant when he said it which is pretty fucking scary considering what a murderous psycho he really is.

ã

15. "You want a flame. HERE'S A FLAME! You suck hairy monkey nuts, are going to get skull-raped by Satan and all of your shit-infested children will burn in a pedophillic HELL. I'd laugh but faggoty fat bitches who are camera whores showing off flab don't turn me on. You might turn me on if you're dead, then I might think of fucking your rotting carcass because at least then you'd have lost some weight because of the maggots eating your shit filled entrails. Have a wonderful day! TTYL xoxoxoxox" A flame I read at some troll fic. The author told readers that she wrote the story for FLAMES and boy did she get them! I wrote it down because it made me giggle.

ã

14. "I'M MARRIED TO A WHORE, BUT SHE'S THE PERFECT LADY!" Don't remember where I heard that. Was it a movie? Shit! Maybe it was

some random drunk guy looking for attention at Mardi Gras (I went to one when in high school and there's loads of crazy people there! Ah... Lot's of laughs and wonderful memories! Really cute guys too...)

ã

13. "FUCK YOU." Very original. So original that there's inspirational posters, bumper-stickers, keychains with these two very simple, DIRECT words. Gotta' love people, especially when they make you laugh!

ã

12. "Mother Shitface." Me, at the time I came up with this very SHAMEFUL comeback, I was actually 9 years old. English is my second language and at the time I didn't know half the shit I said so I said "Mother Shitface" to my PE teacher for making me take detention for talking too much during class. This very mature insult of mine got me a MONTH of detention. Mr. Shay wasn't very pleased or impressed with my inherent sporadic bouts of creativity. Everyone's a critic! ('Mother Shitface' is Copyrighted to Miriam Ocasio aka Mirrors.)

ã

11. "OK wait while I take a deep breath because I'm really mad right now! FUCK YOU! KIKYO IS FUCKIN DEAD! IF INUYASHA SHOOSSES HER THEN HIS A NECROPHILIAC THAT FUCKS DIRT! SO FUCK YOU DISGUSTING CORPSEFUCKING BITCH AND FUCK YOUR SHITSTORY!" A flame from some very highstrung adult at AFF directed at a Inu/Kik fic that had tons of Kagome-bashing. (its a veeeery old story. You have to really search for it in order to find it, but since I've been over 18 for the last ten years, I had the chance of reading this wonderful flame and have safeguarded it for awhile. I'm a collector and only keep the best stuff. I should put up the link of my old Blurdy journal in here, because most of these wonderful 'stuffs' have come from there.)

ã

10. "Excuse me while I go wipe the baby-snot off my upper lip." What I told to some 'older chick' that treated me like an idiot. Yes, I insulted myself, but when people laughed they were all looking at her while she stared back at me in flushed-faced stupefaction. She definitely hadn't seen that one coming.

ã

9. "YOU SUCK DICK. LOVE DEEPTHROAT." This actually came off the movie called 'Dick'. The girls made up a poster for him to watch it from his airplane and they forgot to put a comma before 'Dick'. Deepthroat was a codename the girls had, so in other words for the lack of comma's it came out looking like that, when in fact, the two stupid girls were trying to say this:
"YOU SUCK, DICK.

LOVE,

DEEPTHROAT

If you don't find that funny, then you need to get a life. (I know I've just insulted myself AGAIN)

ã

8. "To the girl that said I messed up my story.

Go fuck your father. :)"

So simple but very effective in pissing people off.

This came from a friend of mine writing a IY fic in Mediaminer.

Her fic was good, but sometimes some chapters were rushed and completely hopped over events. I told her she did that (nicely) and she improved greatly. However, some other girl wasn't as nice and wrote her a scalding review saying that her 'shitty fic was worse than bloody sick cow vomit'. Anyways. The reason why I put this here is because of the reaction the flamer gave after my friend FINISHED the fic she had flamed and added that as a the final blow to the flamer (with the 'Go fuck your father.' comment)...

FIFTY REVIEWS FROM THE SAME PERSON TO THE SAME STORY.

LOOOOOONG REVIEWS! FIFTY OF THEM! ONE FOR EVERY CHAPTER MY FRIEND WROTE! (guess fucking her father didn't do her any good)

My friend didn't reply to a single one and continued writing.

The flamer didn't attack her other stories because after flooding that one fic, she was IP banned from the site PERMANENTLY. (Mediaminer and Adultfanfiction DOES have IP bans. So doing something that stupid can be very costly to a 'career flamer' even if the reviewing is anonymous. The mods track IPs and every review has a serial number attached to it and with that they track everyone in there sites. THAT'S how they know who to block and who is doing what.)

ã

7. "Maybe people wouldn't call you a whore, if you didn't look and act like one, sweetie." My MOM. She said this to a friend of hers named Marguarita (who was indeed a whore) after she whined like she always did about being called a WHORE. My mom obviously got tired of it, and said that to her quite nicely. (she wasn't shouting or anything. She used the 'mother tone' when she said it, which I think stung Marguarita more than anything)

ã

6. "Instead of talking about it, fucking do it! Kill yourself or SHUT THE FUCK UP AND QUIT WHINING LIKE A TOTAL VAGINAL EMO-COSMIC-FART!" Me being mad at my ex-husband because he was using his 'I'm going to commit suicide if you leave me' ploy. He's still alive unfortunately. I guess he loved himself more than our lame 5 year marriage.

ã

5. "Noob." What in Hell's name is a fucking 'noob'? I'm still

wondering! I've heard that insult millions of times and I've never figured it out. Should I go to the Urban Dictionary because I'm culturally retarded?

4. "At least my bloody cum-filled ass looks better than your fat face." RICKY! Gotta love him! He said this to some really stuck up chick over at 'El Ocho En Blanco' (its a club in Rio Piedras close to the UPR. Its a good place to meet really CUTE college guys! I've met quite a couple of 'darkly beautiful specimens' there, though I still carry my maze just in case). We were waiting in the line of the bathroom and this fat bitch (I couldn't help myself. She was REALLY RUDE.) shoved herself past us and Ricky said, "You know. A civilized person would say excuse me?" She just looked at him, "Whatever, fag. I know you just wanna get in there to wipe blood and cum off your ass." HENCE THE FOURTH INSULT IN MY LIST! And yes, Ricky is indeed very gay. Gay enough to be noticeable, but that didn't give this fat-faced bitch a right to say something like that to him.

3. "WHY ARE YOU ALL STANDING AROUND LIKE A BUNCH OF SCROTUM SACKS?! DO SOMETHING INTERESTING BEFORE I KILL MYSELF!" Melissa. An old buddy of mine from college. She was both drunk and stoned when she said this. No one really asked for it since she just randomly burst out with this wonderful little insult that I sometimes use to this day to get lazy people to move. It's a daily phrase of mine that is very effective in pissing people off. You should use it sometime.

2. "Quit being such a buttfuck and get me my motherfucking taco." Maria. MY BEST BUDDY! This girl really puts the B in BITCH. I loooooove her! She said this remark to Yovarie (a really snobby stuck up girl at Huertas Junior College at the time). Anyways, Yovarie not only did she insult everyone for their clothes, she insulted looks and always after completely slamming you, she would dare to ask to borrow money! OH SWEET MOTHER OF SHIT! WHAT KIND OF PERSON ACTS LIKE THAT TOWARDS YOU AND THEN ASKS FOR MONEY LIKE YOU SHOULD BE HAPPY SHE'S TALKING TO YOU?!

Apparently Yovarie.

The day in which Maria said this, Yovarie had just said some really ugly remarks about Maria's husband (and thought Maria hadn't overheard her). HOURS after Yovarie did this, she asked Maria for 10 bucks (and she already owed her \$30). That was when it happened... Maria told her that she already owed her money and wasn't going to give her shit until she had paid her back everything she owed. Yovarie insulted her and since on that day Maria was kinda' broke anyway, she told her to buy her a taco and Yovarie said "FUCK NO!"

Then it came... ONE OF MY FAVORITES! With her eyebrow twitching and a squinty evil eye, Maria SAID it. "Quit being such a buttfuck

and get me my motherfucking taco."

Yovarie stopped arguing immediately.

1. This one is actually a flame to 'My Immortal' which is known as the worst fanfic to ever grace the internet. Since the person that has given us these wonderful laugh-worthy things already has them at FFN. I guess I'll just leave the link here so you can read all of it yourself.

((
This is my new favorite
sentence in the history of the English language.

No, wait...

"He was so sexy that my body
went all hot when I saw him kind of like an erection only I'm a
girl so I didn't get one you sicko."

THIS is my new favorite
sentence in the history of the Engl-oh, but wait...

"We went on the bed and
started making out naked and then he put his boy's thingy in mine
and we HAD SEX. (c is dat stupid?)"

This HAS to be the best
sentence EVER written. I mean, how can you possibly top...

"Voldemort got a
dude-ur-so-retarded look on his face."

Damn, girl! How do you do it?

Every sentence is like a Shakespearian sonn...

"Snap was spying on me and he
was taking a video tape of me! And Loopin was masticating to
it!"

Oh God...stop, please! You're
killing me...

"stop f,aing ok hagrid is a
pedo 2 a lot of ppl in amerikan skoolz r lik dat I wunted 2 adres

da ishu!"

AH HAHAAAAHA! Brilliant! (Wow. Look at all the pretty red underlining.)

"Dumbledore had constipated the video camera they took of me naked."

Oh sweet Lorelei...

"Then suddenly he looked at me and he fell down with a lovey-dovey look in his eyes. ". " he said."

""Yeah but everyone is in love with me! Like Snape and Loopin took a video of me naked. Hagrid says he's in love with me. Vampire likes me and now even Snaketail is in love with me! I just wanna be with you ok Draco! Why couldn't Satan have made me less beautiful?" I shouted angrily. (an" don't worry nobody isn't a snob or anything but a lot of ppl have told her she's pretty) "I'm good at too many things! WHY CAN'T I JUST BE NORMAL? IT'S A FUCKING CURSE!""

I'm just so jeluz uv yu.

""Hey BTW my name's Ebony Dark'ness Dementia Tara what's yours?""

Mary-Sue who?

"She had a really nice body wif big bobs and everything. She was thin enough 2 be anorexic."

Okay, I think now I'm getting scared.

"We went back to our rooms and we had you-know-what to a Linkin Park song."

Tara Ebony Ebony Ebony Ebony Dark'ness Dementia Raven Malaprop has more you-know-what in this story than I've had in my entire LIFE. Maybe I should try the Count Chocula (GOD I love that).

"I whipped and whepped as my bloody eyeliner streamed down my cheeks and made cool tears down my feces..."

Now THIS. THIS is definitely my favorite sentence ever written or uttered in the entire history of language itself. You can't POSSIBLY beat...

"He put his wetness in my u-know-what sexy. I got an orgy. "Oh Draco!1!1 Oh my fucking god Draco!1" I screamed passively as he got an eructation."

And yet, somehow, she did. I don't see how this can get any better...

"How dare you disrespect me to know Ebony's not divisional?"

""You know very well that I'm not divisional. Now get some

fucking ppl out there to look for Series and Lucian- pornto!"

"I took of my clothes den we were in 4 da rid of r lif."

"He put his spock in my you-know-what and passively we did it."

I give up. I can't keep up with you, honey. Genius. Pure absolute unadulterated genius.

""Okay you can go now, see ya cunt." said Proffesor Sinister.

"Bye bitch." I said waving."

Ahh. If I had a nickel for every time my professors and I had similar exchanges.

"Then... he put his trobbing you-know-what in my tool sexily. "OMFG Draco Draco!" I screamed having an orgism. We stated frenching passively. Suddenly... I fell asleep."

Ah hahahaHAHAHA! Oh, I HATE it when that happens.

"I began to drink some blod mixed wif beer."

The new mixed drink taking bars by storm across Hogsmeade. Apparently.

""ohh." now everything was making sense for me."

Well, that makes one of us.

"Suddenly someone jumped in fornt of me. It wuz.....Morty Mcfli!1"

Hahaha! Tippecanoe and Darth Vader too!

"In it a boy and a gurl were doing it sudenly a cereal killer came lol"

NO! Not the Count Chocula!

""Yah he wuz a spy." Serious said sadly. "He wuz really a Death Dealer." "And he wuz such a fuking poser 2!11" said Lucian. "He didn't even realy no hu GC were until I told him." "

Seriously. 'Cause being a spy and a "Death Dealer" is one thing. But a POSER? That's just unacceptable.

"I ran suicidally to my room I sexily took a steak out."

Nope. This is it. THIS is the one. I'm tattooing this on my body somewhere. This is the best, the greatest, the most phantasmagorically fanatically fantabulous

sentence ever created. Seriously. Absolutely delicious.

""Yah Im okay 4 ur
in4mation." I snapped sexily."

OH thank goodness.

"OMG am I Dedd?""

Whoops, maybe not. Hee.

"He had bleched blond
hair"

Wow. Even Satan is emo.

Wellp? I can't do it. I just

can't. I went through all 44 chapters (yes, I did) and I keep

finding new and better sentences, more deliciously descriptive

adverbs, and thousands upon thousands of dead brain cells, once

functional, jumping out of various orifices, desperate in their attempt to escape the torture. You see I, too, am a sadist. So please, PLEASE, I beg of you...write more. You must. You MUST.

"Oh my goth!" Slugborn goped. (geddit kos im gofik)

"Fangs." I said. (geddit? koz ur gofik? We GET it. WE BLOODY GET IT.)

Final Reviewer's Note:

Ellipses. They can be your ally, or they can be your enemy. Use them wisely, my friend.

I don't think that could have been any better. Seriously.

And now I'm off to get a lif.

Fangz so very much for the eructation.

NOW THAT'S a piece of fucking art! If you are a fanfic writer and have ever been flamed, reading THIS will make any flamer you've had look like a simpering pussy in comparison. I had shit track stains in my panties after reading it because of how fucking excellent it was! This person... I truly honest to GOD want to meet him or her and marry them! This is just purely orgasmic! A Da Vinci of all flames. NOTHING can compare to this! That's why its the NUMBER ONE MOST INSULTING THING IN MY LIST! WE HAVE A WINNER!

The Experiment

I've been doing this for the last three weeks. It's called 'The Experiment'. What is the Experiment?

Well, you go to a trollfic site (an OFFICIAL site that caters to this) and write the most shittriffic fanfiction known to every reader imaginable just for the purpose of getting flamed. Yes, people. We do this on purpose, but its not all for fun, it's a 'desensitizing' procedure me and two other 'serious writers' have undertaken to be able to handle 'wannabe flammers' for our true stories. We don't encourage trollfics and frankly we think is dumb, but for the sake of going into the unbearably stupid psyche of retarded people that can't even flame out of their assholes, we do this to handle it more gracefully. (I still have a hard time, but after flaming other shitfics in this particular site and getting flamed, even responding to flammers seems like a chore of the shittiest most redundant proportions and let's face it... The BEST flames are for trollfics. They are humorous and incredibly insulting that if a serious writer were to receive them, they'd want to slit their wrists in shame.)

These are examples of flames I've received in that site:

"I feel like a motherfucking maggot has crwaled inside my brain and has put shiteggs and babies all over it. this garbage isn't even worth flaming." (and yet this person went to a trollfic site to endure the torture of flaming this purposely shitty story.)

"My dogs turd can write better than this. if i took a dump on a keyboard, the fuckign thing its writes will be more inspriing than this pile of festiering dhiarrea."

"this is funny! What are you guys trying to prove?????" (that people that flame are usually idiots that just can't help themselves. Heeee)

This is my favorite one. I've even quoted it before:

"If I were to shove a pencil up my ass and squat over a piece of paper, my ASS would write better than

this shit." (brilliant! Now this is very harsh contrit! I love it! Thank you!)

"I'm faving this!" (not the kind of reaction I was looking for, but thanks)

"You people are the sorriest fucking excuse known in the internet. you take every good fandom and literally take a dump on it. You should all get dragged out side to get fuckin shot for making fun of this. I can't believe i came here and expected any less because this is a trollshit site. This makes me so fucking sick to my stomach i can't even... I'll just shut up now." (thank you for coming by and shutting up.)

"Ur mother didn't give births to yuo. She shitted youw worthless ass out." (if you are going to flame, at least try to SPELL better than I did in the shitfic)

You see. People flame for their own pleasure. They can't help doing it. They are usually socially retarded rejects that can only write flames (albeit very garishly misspelled ones, since a grammatical nightmare kind of flame just isn't 'flamey' enough.)

That shitstory I wrote was probably less than 200 words and I won't even bother to recite it because if people were ever to go to that site and then saw this, they'd know its me. In fact my story received more flames than the newly uploaded ones because I did the most despicable shit imaginable and also added every cute little furry American-made woodland cartoon creature into the horribly misspelled shitfest that was the trollshitfic for 'The Experiment'. The flammers, of course missed my very well-spelled A/N stating that I wrote it that way for the sole purpose of being flamed and that even I found it disgusting and would flame it myself. But since when do flammers actually read A/N's?

So that concludes this 'experiment'...

A word of advice to people reading this... Don't ever go to a 'serious site' to troll. That will get your ass banned from the

site. There's actual 'trollfic' sites that encourage this and also encourage flaming from its members. (the best flames came from fellow members that wrote other trollshits). For them, its fun, for me and the ones doing 'The Experiment', it's just another learning experience we have undertaken for the sake of writing. Face it, even Anne Rice couldn't handle criticism (I don't know if you guys are aware that she had a bit of a flame war... YES ANNE RICE had a FLAME WAR) in Amazon.com. Some people trashed her work and she responded and kept on responding until the whole comments section was filled with very foul behaviour of fans, Anne Rice herself, and trolls looking for something funny to read.

Yeah, not even the best of us can usually handle it, so we do this for 'training' and let me just say... The best way to handle a flamer is to not give them attention and take away all of their abilities to communicate with you.

One: Block them from your profile.

Don't say anything to them whatsoever, just ignore and block them and if your story has a deleting feature, delete it and move on like you have never laid eyes on the thing. Flamers really fucking hate that because after my trollshit was flamed and none of them got responses, they continued flaming and insulting me personally (all of the personal information in my trollshit profile was actually fake but these people attacked it because they, being morons, are lured by weakpoints.). With every flame you receive after giving the cold shoulder and giving no response, you can see that the flamer is actually quite pissed. Their flames become even more misspelled, their insults start to lose a bit of their bite and eventually after they are drained dry of their witless remarks, they give up.

Two. The Emotional flamer is the weakest kind of flamer imaginable. They actually say that they cry about seeing their characters suffer and then randomly insult you as if its supposed to hurt (these people REALLY read the stories and are ticked off by it). These are really easy to rile because if you just bash the absolute shit of the thing they love most they go rabid and make total public fools of themselves. (Skelle did this to the flamer at one of my fics by calling her a 'hardcore Ichirukitard that wrote fluffy het

shitfics infesting Bleach' and the flamer fell for it and went totally batshit with a long string of historically funny insults towards both Skelle and me. It's actually made me laugh, but the problem was, since it was MY fic, I was not about to have a newbie in the flaming department starving for attention making herself famous out of something I wrote. So I deleted the story and reuploaded it, free of all flames and comments. It kinda hurt to do it, but I'm not going to die because of it.)

Three. If a member flamed you and said member has a story, don't flame them back. It's very ineffective because some people purposely lure reviewers to their stories by doing this shit. I could name some flamer groups that do this and you'll see that all of their stories have THOUSANDS of reviews and they're all from other pissed off writers insulting them. So people, please, don't feed the beast. The beast likes getting reviews and if they're insulting, they loooooove it because they know that they did the right thing in ticking you off all for the sake of another cronically bitching reviewer. (there was one in the IY section that flamed every Inu/Kag fic in the site. You would see hundreds of reviews for her total Inu/Kag shitfics and ALL of them where from angry authors. She didn't earn those 'reviews', she incited them so other people seeing the high review count would feel intrigued with her shitstory. Now... Do you want to continue feeding the beast?)

Four. If you are going to respond to their bullshit, do it in a way that only you have the last word. That means that you to take away all means for them to contact you and respond back. I call it 'the kicking the puppy' procedure. They like kicking you, then why not kick them. Only do it elsewhere in a place where they are left utterly defenseless. Flamers like confrontation, but if you take that away, they feel cornered and pissed. They might laugh about it, but they're still pretty angry over a war that ended so abruptly.

And before I forget... There's an awesome site that teaches you how to flame and receive flames. It's called The Flame Warriors site. Google it.

Now this is the end of my informative nonsensical advice... I have a fic to write! (not a trollshit. I

already did that *shudders* and will not do it again since I'm still receiving random laughable reviews from it. I don't think I need to overdo it. Just one was fair enough, mostly because the people flaming it knew what my goal was. We didn't hide it from the beginning and these people still fell for it thinking we would want to indulge in a bullshit battleground of lameoid insults. AH! Such is life!)

Homophobia: Do you really think its bad? Or do they think calling us queers and dike is the best insult?

Let me just start by saying that I hate stupid people. I really honest to God do. A new stupid person just had to say something dumb enough for me to bitch slap her. I'm not into violence but if someone gets violent towards me or my friends, I do fully support beating the shit out that person.

I'm bisexual (big shocker, huh?) and I'm not the kind of person that goes about randomly fucking people I don't know, nor do I have a childhood trauma, and I'm not 'confused'. I'm just bisexual. I could find either sexes attractive, both physically and in a intellectual level. Its not all about sex because I've been in plenty of relationships that have never even gone to the 'next step' and I respect other people's opinions on the matter as long as they don't harass, abuse and try to convince me to think as closed-minded as them. I can tolerate that because though I'm bi, I don't judge heterosexuals for their preferences and neither should said heteros makes asses of themselves by trying to shove their morals down my motherfucking throat.

I don't dress in boy clothes, nor do I give a shit about who's uke or seme. I'm actually quite feminine

and like girls that are the same as me. (there's a stereotypical myth that if a girl is feminine she's into 'boyish girls' which is bullshit. I like girls so I like them to LOOK like girls).

The group I hang out with is diversified by our sexuality and ideas. Some of them are gay, lesbian, bisexual or even heterosexual. We tease and joke with each other, but we never ever insult one another for such lame nonsense. There's a thin line between immaturity and being an asshole and if these group of wonderful people were plain assholes, I wouldn't hang out with them.

I guess that being bi, makes my sexuality seem hetero. I look like a girl, act like a girl and don't go around acting like a nymphomaniac slut that wants to get into everybody's pants (bisexuality has earned itself a bad name because of people that do this. If you're not going to act like an adult that thinks about the damage you're doing, then don't fucking associate yourself with the gay/lesbian/bisexual community. We have to be as responsible as everybody else and have lives as well).

There's a bunch of bisexual guys in my group as well. Guys that you could look at and never even guess that they are that way. Lets start by talking about my buddy Benji (short for Benjamin). He's a really cute surfer-type guy. Dresses nice, but not so nice that he's even considered metrosexual, can talk about cars and horror movies and newest music, doesn't have effeminite mannerisms or goes playing grab-ass like alot of idiots that don't know about how real people in 'the lifestyle' act around each other.

He acts normal. Like any other guy. You can talk to him and he doesn't go around checking people out or saying how 'hawt' they are. In fact, the first time I met him I didn't even fucking know he was bi until I saw him kissing an ex-boyfriend on the cheek. When I told him that it's nice to see former lovers having such a good friendship he just shrugged and said that though they didn't work out they were mature enough to let bygones be bygones. So yeah, the guy as cute and ungay he is, has had boyfriends and longterm monogymous relationships with

both men and women.

I've seen him shock the hell out of cute guys before with the 'news'. He can be talking to some guy about a concert coming up and the next he asks if the guy is into men and if the guy says yes, then he'll go right out and say, "Good, because I like you."

Well since people can't tell he's bi, Ricky who is 100% gay, has been in a relationship with him and they still flirt with each other for fun. It's nothing serious, but just playing around.

Apparently some bitch that didn't know about Benji's openness, started shit about 'gayasses' trying to fuck around with straight men. Now let me tell you, Ricky puts up with ALOT of bullshit from homophobes. I think that out of everyone in our group, he's had the hardest time being accepted not only by Black people (yes he's black), but by straight religious white-supremacists bastards. Not only does his own racial group give him a hard time because he's an 'embarrassment', his family and old school friends turned their backs on him when he finally admitted to being gay.

This bitch, obviously had been flirting with Benji for awhile now (he admitted to me that they'd had gone to dinner together and that was all there was to it. No sex or anything. Just talking.), and couldn't stand seeing how Benji laughed and tolerated Ricky's teasing. They weren't all over each other. They were merely flirting with words and acting retarded (we do that sometimes).

Anyways. Ricky ignored her because he has built a really good tolerance level with ignorance of stupid Barbie-types. The problem was that Benji and I weren't going to put up with it. At least I was the one that bitched her out.

That was when things went downhill fast. She said that I wanted Benji for myself (I've dated him

before and everyone knows it) and that I was just jealous because he was showing 'interest' in her (believe me, eating pizza with Benji isn't 'interest'. Being told that he finds you sexy and wants to have something serious IS. If he invited her to eat with him, then he was being polite not flirty.)

I told her how it was with Benji and she got PISSED. Benji doesn't hide it if people ask him. He admits to it without a problem. So when she asked him, Benji that was already pissed off with her, told her that yes, he was bi and all of her anti-homosexual comments towards his friends had made him lose all respect for her.

That was when she slapped him. SHE SLAPPED HIM! Who in fuck's name goes slapping someone for saying they are offended by some biased remark? WHO? This bitch is.

When Ricky saw that, he grabbed the bitch by the hair and pulled her away from Benji so she wouldn't hit him again. She went rabid when he did that because she thought Ricky was going to beat her up, but he wasn't. He only pulled her nappy bleached blond hair to get her crazy ass away from all of us because she was about to turn on me next.

Anyways, she scratched Ricky in the face and when I saw that things were turning ugly (I didn't want Ricky, who's a guy to get in trouble for beating the shit out of some stupid cunt) I jumped in.

I kicked her ass. I seriously mopped the floor with her. Eventually Benji had to jump in and Ricky freaked out and called the university's security to separate us from each other because I could have killed her (and I can't have killing a retarded whore dirtying my pristine conscious).

She threatened to press charges against ALL of us for that, but since I have a lawyer, I don't think that's going to help her get revenge. What she did was a hateful provocation, and she was the one that begun the aggressive

behavior towards us with her hateful anti-gay remarks. So what she did could almost be considered an attempt at a hate-crime. She was told about what she just did and my lawyer told her that if she apologized and kept away from us, her little fauz-pas wouldn't be made public so that the charges would fall on HER instead of us.

Though she hated having to do it, she apologized and even had to write an affidavit stating that she was wrong and had started the whole mess. What she told me after the whole situation was over was what really made me hate her fucking guts.

"I don't really hate gay people. I just couldn't think of anything else better to say about it."

What a seriously stupid person! After she humiliates herself over that, she says that load of bullshit! So, I'm wondering... Do people that go around insulting the Gay/Lesbian community even mean it or do they think its the most painful thing they can say? Huh? Do you know the amount of nonsense we have to put up with every fucking day because of pathetic morons that treat us like shit only to discover that at least 90% of those morons are just saying it to be mean not saying it because they are in a hategroup? How the fuck are we supposed to live in peace having nearly every straight person looking down on us and picking fights because of our sexual preferences if those shitards don't even have an honest problem with it?

These imbiciles need to get shot, seriously. If we have to put up with shit from real hateful MURDEROUS people AND people that have no issues but want to look cool in front of everyone by beating us up, then what the fuck has this world come to?

If you don't have a problem, don't fucking START a problem. We already get enough of this shit. We don't need dumb people adding more to this fucking crisis. We don't do shit to bother you but you still want to start a problem

like its you getting fucked because of it?

People need a lot of growing up to do before talking shit as if they're smart. Homophobes fall into the same category as white-supremacists. They are both equally ignorant groups that don't know half the shit they preach and when they do preach it they sound like fraidy stupid pussies that are fearful of people being different than they are.

Sorry to break to you morons, but NOT everybody is a brainwashed biased idiot and no we don't like being told how to think because we already know what we like or don't like. We are not some fucking army trying to turn you gay or have a conspiracy against the church-going bat-wielding hategroups.

OHMYGAWD!

It's awful... The amount of money you have to spend on every fucking thing these people ask for your kids! I feel like killing someone already! Every week I'm being given a list A LIST of shit I have to buy for my daughter and the fucking school. Today, I got yet another list and I kinda' went off on the teacher for this shit because not only am I supposed to buy all of this goddamned crap, but I have to do volunteer work along with everybody else or our kids won't be able to attend the program. By the way... volunteer work is just a title. That shit is OBLIGATORY! Today, there was a fieldtrip and since these cheap asses won't bring lunch for the kids, we have to make their lunches and pay for the gas.... This is a fucking private institution we're talking about!

Anyways, since I'm in a rant let me start by saying that other than the bullshitfest that its my life, parents hate school as much as kids do. I haven't spent so much money in my nearly thirty years of life. If someone told me that I would spend less money on Luna after she started the school, that motherfucker deserves to be shot for being such a liar!

Another thing that is pissing me off are the 'lurkers'. I have over 28 faves for that freaking Ichi/Ruki shit I wrote and only four reviews for it so I guess all fucking fans of that pairing are a bunch of pansies like that worthless illiterate flamer! I ain't doing a fucking longfic on them because of that shit.

But... I'll admit that the Ulqui/Hime pairing intrigues me. People always bitch at me about choosing a pairing and to tell the truth my favorite females are Orihime and Tatsuki. I don't like Rukia all that much (sorry. Just not that into her. Personality and lookwise, I'm a freaky Ori/Tat hybrid, so I guess I can relate to those two more than other females.) In fact that pairing has interested me so much that thanks to a wonderful reviewer (SomeoneWhoLikesBleach also know as Clarissa. She's a nice girl) I've taken a request for them. So far at least 3 fourths of that story is finished. It's a loooooong oneshot with an open ending and I've enjoyed writing for those two immensely. Ulquiorra is a very rare male character and if people think pairing him up with Hime is weird, these people don't know how EASY it is to write the both of them. They feel even cannon! (though we know that's unfortunately not true, folks)

Onto real life shit... Things are peachy. Other than being broke, still recovering from the hell of all colds (I'm asthmatic so a cold is lethal to someone like me), I'm... happy! I'm weird and fun like that, I suppose.

If it weren't for life being such a pain in the ass, I'd be feeling dead.

I'm still kinda mad about it though.

No More Ichi/Rukis from me

Why do I say this...? Because I'm sick and tired of people thinking I ship them going off on me. I don't hate or like this pairing, but people like trying to force me to like them. I've just recently got a PM from some delusional little girl that read my Ichi/Ruki drabble saying that she wouldn't review it until I remove the excerpt of Reflection that is supposedly anti-Ichi/Ruki. This is my reply to her bullshit.

I write whatever I feel like. I like characters, NOT pairings. I don't ship anyone. Here are the characters I like... Ichigo, Tatsuki, Orihime, Tia Harribel, Ulquiorra, Rangiku, Isshin, Ryuken, Karin, Yuzu, Hichigo, Toshiro, Ukitake, Hikakku, Renji, Yoruichi, Urahara, Aizen... Do you see Rukia anywhere in there? No. I like her, but not enough to the point to concentrate all of my fiction on her or harass other authors that aren't crazy about her.

So I WILL not write any more stories on these two. Don't expect me to. That drabble is going to stay that way until the fucking fans of this pairing grow the fuck up and quit bugging people with the whole 'Ichi/Ruki is cannon and everyone that doesn't like them should die!' nonsense. Not everyone has to think the way you do and it pisses me off when people assume that I am another one of the crazy bashing fans into this pairing because of a fucking drabble. Yes, Ichi/Ruki is cute. I would LOVE to write them, but the FANS saying stupid nonsense like this make me almost hate this 'couple'.

If I ever write anything with Rukia in a pairing, she'd either be paired up with Byakuya, Ryuken or some other random male rather than Ichigo because quite frankly I don't want people to stereotype my pairing choices into an overused category.

Sorry to anyone offended by this. I used to have Ichi/Ruki in my fanfic poll, but after this I DELETED it. I am not in the mood to have people telling me how much they hate Orihime and asking me to hurt all characters hurting Ichi/Ruki. I am not in the mood for any of this infantile SHIT.

I'm Calmer Now

I was getting kind of sick of having girls having rants in my stories or in PMs directed at me. That flamer at my 'Rejection' oneshot was easy to brush aside as just another immature girl picking a fight because she was obviously hurt by my stories. But the PM girl was what finally pissed me off enough to say I WON'T ever do an Ichi/Ruki longfic if this is the bullshit I'm going to have to listen to. I PMed her back and told her and she said I was being stupid, that all I had to do was DELETE the story that offended her pairing and then she would review all of my stories without a problem (sorry but she was the one that sounded stupid by saying that). I mean what kind of person tells you what to write or not write? That's why I called her delusional and she went off yet again saying that I was being a hipocrite even though I had repeatedly told her that I don't ship them or care if they are bashed because of my no-shipping standing in fanfiction. Now I'm really going to turn anti-Ichi/Ruki just to piss them off, that's how far the harassment has gone for me and my reviewers. (they even insult my reviewers, so that's the cherry on top to hate their guts)

So yeah. No Ichi/Rukis from me ever again, EVER. That drabble just brought me trouble. I liked writing them, but people like this almost make me hate this pairing as a writing choice. They've totally sucked out all enjoyment I as a writer can get out of writing their preferred pairing. They honestly have. Besides that, the manga is WAY different than the anime and so far the most seemingly cannon pairing in the manga is Ichi/Hime (not all that crazy about them either, but they can be pretty darned cute together if an author writes them right.) If you don't believe me, read this:

orihimelovesichigo.tripod.com/essay1.htm

You aren't supporting your pairing, you

are just trashing everyone else that seriously likes it and making the real fans look bad. So instead of starting fights, do yourself a favor and act mature for once by showing a higher tolerance level to fics that don't have your favorite pairing. Don't like, don't read. Most of all, don't like, don't BITCH.

From the immature behavior of Ichi/Ruki hardcore fans (there's a select few that are awesome mature girls, so I can't lump them all together with 'trash'), I'm inclined to believe that they can't see facts for what they are. There's considerably a lot of more fluffy moments between Ichi/Hime than Ichi/Ruki (the most fluff from these two are in the ANIME or in the movies that are just filler that don't have anything to do with the actual storyline. Me being an anime nut hate seeing people twist this shit to 'gain pairing proof' when there isn't any official couples in Bleach. As much as I don't like Ichi/Hime, I'd have to admit that I wouldn't be surprised if Tite Kubo left them together.)

That's why I think this battle is pretty much pointless. TITE KUBO decides who stays with who or there even is a pairing! Sheesh! Until then, all there can be for now are assumptions, fanfiction, and immature bitches trying to shove their alleged cannon pairing down our throats. In fact, the anime now is in a moment that has Orihime getting some alone time with Ichigo without Rukia around. I bet a lot of you people haven't gotten that far, so I'll just leave it as that.

Don't favor Ichi/Ruki, don't hate either of them as characters, but I just don't see the point in always hooking them up and starting fights about it.

Reasons Why I No Longer Support Ichi/Ruki

1. If you compare Rukia's interaction with Ichigo you'd see its not that different from her friendship with Renji. Its almost IDENTICAL. So saying that their socalled chemistry makes them cannon is the biggest load of bullshit you can tell me. I've seen anime and mangas that have main male and female characters NOT HOOKING UP EVER. So that argument is not valid either.

2. Compare the MANGA to the ANIME. Remember that TV changes a lot of things. In fact the anime is more Ichi/Ruki friendly when in fact, ALL OF THE FACTS are in the original manga that the anime came from, people! There's not that HEAVY a chemistry between them. They usually have tons of comic relief and arguments. The fluffy moments are more Ichi/Hime than anything else in the manga. So read it and shut the fuck up because I do go on sites to buy manga and do follow them.

3. "More than friends, less than lovers." That doesn't mean jackshit! If you are into reading riddles, you'd see that means "They're so close they're like brother and sister" I have siblings and I love them more than friends, but I don't fucking jump in the sack with them because that's just disgusting. I bet you can use that wording afore mentioned for Rukia's friendship with Renji as well.

4. Because Orihime is ditzy, doesn't mean Rukia doesn't have her 'duh' moments. So saying that Ichi/Ruki are cannon because Orihime is dumb makes you also pretty fucking stupid.

5. I USED to only read fics on these two and I stopped for 5 reasons: 1. The character bashing got on my nerves. I mean whenever I saw insults hurled at Orihime, instead of them making me laugh or get mad I'd just roll my eyes saying "Here's ANOTHER one of those". 2. The FLUFF. I'm allergic to it and we have to understand that most of the people that ship this pairing are girls too young to even have been fucked so seeing painfully unrealistic lemons and an ocean of typos has made me fearful of reading Ichi/Ruki. 3. TOO MANY STORIES ON THEM. The plots are generally the same, their attitudes are OCC, the love rival is always that 'fat big chested slut Orihime', and

they are always having a gaggle worth of fluffy OCC moments that I hate the writer writing such trash. The few fics worth reading on this couple have been written by adults and those are really hard to come by considering all of the 11 year old twats attempting to write M-Rated stories. It's hard to separate what's crap and what isn't so I just simply don't fucking read it anymore unless someone recs me a story that I 'might like'. 4. The immature authors and their READERS. If you go to an Ichi/Ruki story that has tons of reviews, you'll see that most of the reviews consist of 'THAT'S SO HAWT' or 'ICHI/RUKI 4-EVER!' or 'ICHI/RUKI FTW!' I don't even think most of those fucking people are really reading the stories for good plot or writing style, they only fucking read it because its Ichi/Ruki (saw a recent one that was just awfully OCC and the readers supported it. I mean, I know that there's GOOD Ichi/Rukis out there, but taking 'crap' for low quality because the summary says 'Ichi/Ruki Lemons' really lowers my respect for people that accept such shit.) 5. Some of the authors bash other authors in their stories if they wrote something 'anti-Ichi/Ruki' in their own stories. Reviewers that hunt down 'not Ichi/Ruki friendly' stories to flame them and insult the writer and his/her reviewers. Lets face it, a lot of Ichi/Ruki fans are just aggressive and bitchy. Their attitudes alone has made me not support this pairing or want to write for them longterm.

What I DO Support:

Having these two paired up with OTHER PEOPLE. Seriously. Though half Ichi/Rukis are pretty good, the other half are written by immature flame-wielding harassing stalking bitches that can't stand to see people thinking differently than them (I call them Fandom Nazis. This shit is a lot worse than the Kagome/Kikyo war that has THANKFULLY died down considerably which is why I'm starting to eye the Inuyasha section. There's newer better stories unlike the 'Kinkihoe' fics a lot of 13 year olds pro Inu/Kag used to write. Fans DO grow up and so does their writing which is a GREAT thing rather than having chars OCC'ed and hateful just because you can't stand them)

Why am I saying this after clearly writing a drabble on them? Well... The problem ROSE because of that drabble. Apparently an underager (I checked her profile and

she's 14) loved it and mistakenly believed I was hardcore Ichi/Ruki. When she went to my profile, ALAS, I had an excerpt from a story that wasn't Ichi/Ruki friendly. She then dared to threaten me in a PM with some childish nonsense about refusing to review because of that other story I had up. She quote "delete that mean story or I swear I won't read anything else you write' . She then tried to convince me of how 'wrong' I was and I told her 'sweetheart... I'm 28, not some other misguided teenager that can't see anything beyond her own ass. I could care less if you review. In fact, I don't want you to review after you have ORDERED me to delete my own work. I write things for EVERYBODY, not just for people that like your pairing. I might write a long Ichi/Ruki in the future, but don't expect me to be doing it because I'm CRAZY for them. I like their stories, like how the work for each other in stories, but I'm not some zombie belonging to the new 'Ichi/Ruki Religion'. So quit pretending you can convert me, an ADULT, into your closed-minded way of thinking. Thanks."

I WAS NICE ABOUT IT! SHEESH! But that shit just SET HER OFF. Then a PM war ensued and I ended up blocking her stupid ass, because youth combined with stupidity gives me an asthma attack.

I. Don't. Hate. Them... I. Only. Hate.
The. People. Who. Have. Fucked. The. Fandom. Up. Because. Of.
Them.

And most of these people aren't even old enough to think right anyways. I mean, if you go to Adultfanfiction.net, which is full of adults only, you'll see that Ichi/Ruki fics are EXTINCT there. The only site that seems to have them by thousands IS fanfiction.net. You have to realize that as a grown up, you just don't find the comedic relief, arguments and OCC character bashing to be fun anymore. It actually becomes quite boring after a while.

Randomness: Don't ever do this to me or I'll INSULT you!

Yesterday, after I had cooled off and settled in for the night, my grandpa decided to bring his new girlfriend and her daughter over to introduce them to me. I had no problem with it because I'm like a night owl anyway... Everything was fine and dandy until this little whore (I knew who she was by looking at her) told me in a bossy tone, "Hey, bitch, get me a soda."

I blinked. This BITCH was in my motherfucking house, telling me what to fucking do like she knew me.

She got the Bitch Treatment (I can be twice as mean).

"If you wanted a fucking soda, you should've asked the last guy you humped between your legs to pay you for being such a whore."

"..."

Yeah. I was mean because I KNOW who this bitch is. Her name is Daisy, she's 17 years old, pregnant and claims to know who the father of her baby is when in fact she had fucked about every guy in the project complex called Jimenez (next to Huertas Junior College where I used to go). I wasn't about to allow this cheap community skank-hole, talk down to me in my own house.

My grandpa of course freaked, but since he knows how I can't stand having people telling me what to do in my turf, he backed off (mostly after I told him what a home-wrecking whore this Daisy is. That girl has slept with even MARRIED men. Some of those men were around the same age as my grandfather! SICK!)

What is it with teenagers now days? Do they purposely think that cursing at an adult will get them to do shit for them? I mean, I shut her up and made her tear up a little bit after I said that, but GEEZ! No little girl is going to talk to me like that. She's lucky she's under eighteen and pregnant, because if it hadn't been for that, I would have kicked her fat pimply hoe ass out of my house.

So far in the psychological field, (I'm going professional, though I can't stand most people), I've noticed that most personality problems people have developed started in their preteen years. Why the preteen years? Well, usually in the gradeschool years, most kids grow out of bad habits and develop newer ones. A new school, a different crowd that may have older

people, new experiences... The ages between 11 and 13 are VERY crucial in the character development of a full teenager. Whatever bad habits you may see in a child during those years, will be enhanced and far WORSE once they reach high school.

Most of my friends that were boycrazy in their preteen years, and thinking about kissing and seeing boy thingies ended up pregnant or raped by the time they were sixteen... Because these curiosities became worse. If you see a generally shy preteen girl, you will probably not see her screwing up as her pop-culture obsessed peers. The most important thing to do when you see your kids behaving and saying stupid things in these years is to talk to them and put a stop to it before they reach high school. I already have a cousin that displayed these 'symptoms' at age 12 (before that she used to be really sweet actually) and when I told my Uncle about it, he laughed it off and said it was nothing.

Guess what. That 'nothing' is now pregnant at age 15 because he didn't tell her to quit acting like a nutcase before it was too late. At age 11, they might start posting up posters of guys in various states of undress in their walls and talking about boyfriends and french-kissing, at age 12 they start talking about jerking dicks off and giving head, at 13, they're already using the cameras on their cell phones to take naked pictures of each other to send to strangers.

Pregnant at 15 years old, people and these were the 'early' stages that her father thought were regular girl things. Seeing my cousin Monica at age 5 (the same girl), so sweet and shy about talking to people, you wouldn't have expected her to become such a whore... The 'change' started appearing in her preteen years. You can tell exactly what kind of problem teenager you'll have judging by these years alone. As younger kids, you can manage them if you have a firm authority that doesn't overcrowd them in their own growth, as preteens they start getting ideas on how to keep you from knowing all of their dirty little secrets.

So yeah. WATCH THEM! They can explore their sexuality, but not in such an out of control manner. Even my own mother told me how to take care of myself for sex before I even had my first period (she explained it all to me at age 8. It was traumatizing, but at least when I got my first boyfriend I wasn't an idiot that could be sweet-talked into screwing up). Just because it embarasses you doesn't mean your kid doesn't have to know about it. SHEESH! If parents were a little more open about talking about this stuff, their kids wouldn't end up so fucked up.

But then again... That's just me talking.

UPDATE: Bored and not giving a damn what other people think

I tend to get bored oh so easily. For real! Once I see that what motivates people to bitch is the thrill of fight, I get bored. I don't like fighting, but I do enjoy pissing people off and leaving them without any crap to say back. However... Since I'm BORED with it already, I'll just say some other stuff.

Started a really crazy Rukia-genderbender. Well, its not exactly COMPLETELY genderbender because she's still Rukia but the fic is more of an 'experiment' to see how everyone in the Bleach verse would react to having one of the group changing. Also there will be some funny events pertaining to the physiological changes to Rukia's body.

The fic I will continue on next, after 'Salvation' will be extending my Ulqui/Hime oneshot 'All Along'. My poll got spammed by the shiptards so I chose the fic with the most faves and reviews per chapter ratio. Easy peasy! That takes care of that problem.

I've been incredibly busy with personal stuff so my updating of LONG chapters will be slowed at least until X-mas is over. Sorry!
Can't be helped!

Some People Should Be Thrown Into A Uncharted Island Full Of Cannibals

I am a person that draws in bad luck in real life. I swear I know some of the shittiest people in the universe. Okay... Since I won't give names, let me just say that someone close to me ALWAYS likes to tell me her problems. I mean, ALWAYS. Usually she goes on and on, depressing ME in the process...

What happens when I try to converse
with her about MY problems...?

"Oh, Miriam... You're depressing me.
Can we change the subject because your negative energy is making
me feel bad."

The last time I talked with this person
over the phone she was crying over how unfair her life was and I
told her, "You're depressing me. Get over it. You're not the only
one in this world with problems and its time for you to get used
to it."

Now... This person sent me an EMAIL
telling me how upset she was and trying to indirectly call me
'selfish' and 'cruel' for telling her off in one of her many
times of need.

What. The. Fuck?

Hypocrite much?

I haven't written her back because I'm
still pissed with her for her own SELFISHNESS. I'm a single
mother with bills. I have way too much shit to do to be dragged
down by someone else's motherfucking melodrama. Call me a bitch,
but I do try to support everyone and be nice about it. However
there's some people that get really fucking greedy and start
abusing that kindness without having an ounce of consideration
towards other people. I find that to be extremely unfair and
since I'm someone that doesn't put up with much bullshit I told
this person how it was and gave her pretty much the same
treatment she gives me whenever I try to let loose.

She isn't the first person that I've
told off like this.

Syren (yes, believe it or not, that's

her real name) used to go around sleeping with guys every fucking night. I mean... She'd be talking with them one minute and the next she would be in the backroom fucking them. She said that she didn't know what was wrong with her (being a dumbass looking for affection she didn't have as a child that REFUSED psychological attention even after I, someone in the field, told her that she needed to get those issues resolved before it was too late) and kept doing it.

One night she slept with a married guy while I was outside talking with my ex-hubby's cousin Melisa. Unfortunately, some CRAZY bitch shows up looking for the guy, waltzed right into my house, beat the shit out of both of them and in the end... Do you know what the crazy wife of the guy said while laughing like a maniac?

"Why do I EVEN bother hitting the both of you?! I've just got back from the doctor and he told me I've got AIDS!"

((BOOOOOOM!)) >>>> See? I even added sound effects! ;D

Syren got checked a couple of months back and told me crying that she did indeed get AIDS for that worthless bootycall. (even though she's a slut, Syren is pretty and that ugly dirty old man she got that shit from was totally not worth the beatdown much less the AIDS.)

That stupid little skankhole! My advice totally went out the fucking window! I don't talk to her anymore after she tried to mess around with one of my guy friends while already knowing she HAS AIDS. That insane cunt is willing to spread that shit knowing she has it!

That's why some people should be thrown into an uncharted island full of cannibals. Or at least get sent to a giant blender, turned to mush and get the BULLSHIT juice squeezed out of them to give over to the aliens for their studies.

It'll be a 'sacrifice' for a good
cause.

We just can't afford to lose any more
cows.

CONFUSED!

I'm going to start my own forum in
fanfiction.net. Yes I am! It will be called "Fanfic Madness" and
it will address certain issues on not only that site but in every
site.

Also. I noticed something really
freaking weird happening in AFF. Someone that used to review for
me (called Madbob) got his reviews deleted from EVERYTHING I've
written. I wonder if it was the mods that did it or if he did it
himself. Whatever. I won't put much stock into it though I still
find it weird because I didn't do anything wrong and I didn't see
him doing anything wrong (well he did have a story up with an
incorrect disclaimer and that could cause a story to be hidden
and even DELETED, though I don't know if that could delete an
actual account. I'll have to check. *goes and checks* Yup! He has
no account anymore! That's messed up. Guess I'll look at the Hall
of Shame of the site to see why. Nothing! Even his anon-reviews
have been deleted. If it was done that quickly then he must have
been an underager. It happens if its discovered.)

madbob

Check it out! There's nothing there
now!

This is AFF's Hall of Shame. Haven't
seen him on it yet.

Hall of Shame

He must have been tracked BIG TIME.
Well the mods in AFF are far more active in their site than the
ones at fanfiction, mediaminer and ficwad, so they must have had
good reasons to do it.

Now I'm going to write another chap for
'Salvation'. Aren't people happy to hear that?!

OFF WITH HIS HEAD!

Arrest
made in rape, murder of 7-year-old girl

If you read that you'll know that I'm
very sympathetic with the death penalty and 'your reap what you
sow', SO I think that the suitable punishment for this horrid
piece of shit that is still unfortunately alive and still
breathing OUR oxygen is:

To get butt-raped with a rusty
tire-iron or spiked bat until his ass and insides are turned to
mush for being such a twisted fuck doing such a sick thing to an
innocent young girl. I mean, beating, raping and stabbing a
little girl to then throw her in a dumpster? Do we have to be
fucking humane with these criminals?! **FUCK HUMANITY WHEN THEY'RE
INHUMANE WITH THE REST OF US!**

All of these sick pedophiles ruin the
lives not only of the children but of the families of the
children they've abused and murdered. No sane adult would drag an
innocent child into their depraved fantasies and in my view, that
makes them too dysfunctional for general society.

These people deserve to fucking DIE and
to have the **SAME THING DONE TO THEM**. And I'm not saying this
because the girl is Puerto Rican like me because I've been seeing
some heated debates about that. This shit shouldn't be **DONE TO
ANY CHILD**.

It's bad enough when its done to an
adult but to someone innocent and blameless like a child? No,
this bastard should suffer. In fact, I think death is too good
for the likes of him. He deserves years of suffering, daily
rapes, humiliation for what he did to this girl.

I have a daughter of my own and... **OH
GOD FORBID!** This shit just pisses me off so badly that I can't
even think straight. It reminds me of the case of an escaped
convict that raped and **BEHEADED** a fifteen year old girl that was
alone in her house and then proceeded to **STEAL** everything in the
house while the corpse laid on the floor.

It took **YEARS** for the guy to get caught
and when he did, it was the **FATHER** of the girl that caught him,
tied him to a tree and castrated him. The father of course didn't
get charged for the mutilation because **FINALLY** the **COPS WERE
SMART IN AGREEING WITH HIM**.

I think they should leave the family

alone with this guy so they can personally punish him. If there were such a law that allowed this, then I doubt that rapists would continue to do so much harm.

In Honor Of The Meanest Anti-Shipper In History

This is parts of a rant a friend of mine threw at another site that actually got some people pretty upset with her. I'm just quoting it. Warnings: Some of the stuff beyond this is cruel. My buddy is a huge anti-Ichi/Ruki and anti-Rukia. She's rather shameless about it as well.

"Fukia's presence has been pointless in the storyline after the first 3 arcs! she's just there as fanservice because she ain't doing any particularly awesome shit or contributing to the story. just fucking fanservice.

no wonder the ichifukitards go off so much. they know this shit and hate admitting to it. they always go

on and on and about how important she is when the truth is that she ain't that fucking important anymore after the SS arc. she's just there, sorta like haruhi FUKioka in ohshc.

there in the background doing some random shit that doesn't really do anything for the storyline itself.

pretty much only ichigo and his friends are furthering the plot while fukia doesn't do jackshit."

"and to further add another nail to coffin of these bullshit shojo seeing fantards, has Fukia brought goodness to ichigo in the first place? ever since ichigo had his powers awakened, his family and friends are in danger, he's had that fucking rain of his come and go like crazy, and his normal life has gone down the crapper. these tards forget that he wants a normal life but ever since this bitch showed up, his family and friends are still in danger even after he lost his freaking powers.

he was literally put on the spot.

who do we have to thank for ichigo's eternal torture? Fukia of course! even she knows it! she knows how she fucked up ichigo's whole future! it ain't love, tards! it's guilt! lemme get you a tissue so you can wipe your tears! ain't i generous?

ray of light my fucking ass. its no surprise her "main girl" appearances are barely nonexistant in the freaking manga! kubo has been trying to get the tards used to barely seeing her useless ass!"

"man these tards are so fucking pathetic. i feel like I'm kicking a puppy. lmfao"

"get your heads outta your asses and
quit bitching at us for not believing your wishy washy crap.

"

"fuck off the fandom and never come
back. your kind smears all of it with dog shit with this shojo
nonsense."

"now all they have left to do is crawl
inside a hole to starve to death."

"ichifukitards=a gutted mummified dog
or some other inferior shitty life force from fandom's crappy
little hellhole."

"all you idiots can do to us is provide
whiny bitchfuckery for lulz and toilet paper to wipe our asses.
so keep going off. cry! cry! cry! whenever i see this shit i
swear i heard a baby bawling its eyes out! rofl keep proving how
insecure you are in your ships success! god knows we need a good
laugh at someone else's expense!"

"everything you say to me is a
ridiculous noncannon pile of garbage. quit using filler to prove
this shitship!"

"Oh man! the hell chapter is soooo
ichiruki! wtf??? you need to quit smoking so much cheap crack!
you ain't gonna like this movie, believe me, shittard! i wish i
could see the looks on your faces! there's going to be a ton of
butthurt essays talking about how much this movie sucked ass.
butttthurt!"

wait! do i hear a baby crying? way to
go ichifukitards! you are so fucking predictable!"

"i love it how you retards nitpick
everyfuckingthing in the manga to prove your lame already sunken

ship! haha! man you guys are so masochistic! are you trying to convince yourselves with this shit!"

Believe it or not, my friend isn't even pro-Ichi/Hime! She's something else isn't she?! *huggles her*

I really admire her for having so much balls for being a girl. She actually orgasms when people throw fits. (I know this person personally and I've never seen someone laugh as hard as she does)

Point of fact... Not everyone anti-Ichi/Ruki is Ichi/Hime. I've met quite a few that don't even care for that other paring. (including me, but I'm nicer to Ichi/Hime fans. They're much more passive.)

That Piece Of Sh!t @ssh0le!

HAHA! Made you look didn't I? I know...

That was mighty evil of me, but I am indeed mad and need to let out some steam.

WARNINGS: This will have a very squirrely temper tantrum. Tons of cursing and disturbing demonic bestial homosexual imagery. Don't read if sensitive.

This neighbor of mine... Oh good GAWD, do I want to kill this motherfucker or what! Finally after so many terrible months of having to wake up at 5a.m. in the morning to go to school, take my kid to her own school and deal daily with stupid people with issues over the stupidest things (some moron beat up his wife for forgetting to put a napkin around his beer can... Why do I always get the buttfucking crazy bastards?)

this brainless inbred fuckass has to piss me off some more.

Do you know what it's like to go to sleep with a smile on your face because you don't have to do shit the next day only to have 'Mr. White-trash from trailer park' doing mechanical work at 3am in the fucking morning?! (I'm so happy I saw his stupid ass chicken getting mawled in my front porch by a rabid dog)

I just kept hearing a bunch of hammering and metal falling heavily on concrete. I tried to stay cool about it and ignored it... Until the sonovabitch turned the radio on full blast.

Let me just start by saying that this worthless fuckhole has an 'open garage'. It means there's no doors or walls to the thing. Just four columns with a roof and I happen to live next to him while he's singing along with his bullshit mountain music and hammering the shit out of the bowels of his already thoroughly caput junked ass truck at 3 o-fucking-CLOCK in the morning.

Okay... I get pissed. FINALLY! I've had enough of his nonsense!

So I start making some music of my own. I felt really wonderful doing this by the way...

I grabbed a huge pot and a metal spoon and started drumming as loudly and off-tune as I could while singing some really horrible racist song I'd made up in my crazy little noggin' at the last minute.

"Mista' trassssh collector singin' at 3 am thinks he's protected when one day we're gonna' chop his stupid head off and shove it up his cracka' ass so he'd quit pissin' us off!"

"And his cock-suckin' chickens will die
wit' him fo' sho'!"

"Mindy's dead because ya' are a
jerkyass mutha-fucka' that likes chicken vajayjay! And Satan will
enjoy poudin' yer' shithole in hell!"

(yes. I was laughing like a maniac
while I did this. I mean... Who wouldn't LAUGH singing that?! And
before I forget, Mindy is the name of his dead chicken. I'M NOT
KIDDING! The chicken that got killed at my house was named
MINDY!)

He quit his hillbilly crap and guess
what he did next...

He CALLED THE COPS ON ME FOR
THREATENING TO KILL HIM!

Eventually the cops understood where I
was coming from and they told him that it was considered to be
disturbing the peace to be doing what he was doing so late at
night and that also, make-shift mechanical garages is prohibited
due to the neighborhood disturbance factor.

He threatened to sue me, but I got my
lawyer to chill him out.

One of my neighbors is already starting
a petition to get this guy out of our neighborhood. He's gotta'
be the most inconsiderate, ignorant, and loud asshole to ever set
foot in the quiet little hood of Villa Sauri.

I honestly wanted to kill him! Ever
since he had moved in and that bitch of an oldfart girlfriend of
his started honking horns at 5 in the morning to take him to
work, ever since his bitchass chickens started to shit around my

house and ever since he threw a temper tantrum because one of his said chickens (Mindy) got torn to shreds by a stray dog in MY porch while I did nothing, I've wanted to murder him! (what did he expect me to fucking do? Get myself killed with that big ass dog for a chicken that all she'd ever done for me 'pog!' under my windowsill every fucking hour and CRAPPED all over my place?!)

No, I'm going to sue HIM.

I know I behave unusually immature for my age and I don't give a fuck. In fact, I am laughing about this shit right now because I have a tendency to look back at the dumb stuff I do to just laugh at it and think: **WHAT THE HECK IS WRONG WITH ME?!**

Yes... Things like this make life more entertaining. The wonders never cease. *sighs*

PS: Why the hell are there so many medical companies using justjournal as their websites? Everytime you see the entry blog there's a bunch of shit talking about boob implants and alzheimers (sp?). What the fuck is up with that shit? That's advertising, not journaling! It's... Does anybody even use justjournal for journaling anymore?

Also... I hate hamsters! I've just gotten bit by one! AHHHH!

Why I DESPISE Most People

Lately I've been going to little get-togethers with friends and family because they nag me so much

about me not wanting to socialize with them (who could blame me?) and I feel like crap. I'm tired and sleepy all the time and lets not forget that I've gained like 6 pounds ever since I've started this little family bonding bullshit.

I was invited to yet another party for this Wednesday. 'Trullas' is what its gonna be. It's supposed to be a group of people going house to house singing and playing instruments and whatever... I said NO, because I was already beyond tired of this whole nonsense and my bitch of a cousin just had to call me anti-social and say some snide remarks about it. I eventually got fed up and told her to quit being so fucking vaginal on the subject because it was MY FUCKING CAR, she wanted to be chauffeured in.

She could get her own motherfucking ride for being such a mouthy bitch from now on. She has a fucking boyfriend, maybe she could suck him off to get him actually interested in carting her useless whiny ass around town. (I really hate that bitch, even though she's actually blood related. She's just one of those people you love to make feel like crap for being such human waste.)

Haven't heard from my mother in ages because now she's got another deadbeat man in her life. Honestly, how many times can someone fuck up? I told her that if she didn't know how to pick a man with a fucking job and no addictions then she should fucking stay single and not bother. Last time I talked to her she said that she was coming to the island with her new man (a guy she's been fucking on and off for about 2 months. She's already thinking of moving in with him... Well him moving in with HER, because the bastard doesn't have a job OR a house), and I told her that if she wanted to do that, she should prepare herself to have everyone in our family calling her a dumbass for fucking up for the upteenth time. My aunt and grandpa are actually quite pissed with her behavior and have already told told her off.

She's fucking 49 years old. Has had 2 failed marrieges and about 6 failed boyfriends AFTER getting divorced. She's the kind of woman that gives EVERYTHING to her man (mostly money) and then whines about it when they dump her

ass and leave her dirt broke.

I'm 28 years old and even I know that she's being incredibly stupid. I'm sick of having to play mother to my own mother. I've got a four year old little angel to raise and I can't take on the challenge of guiding an ADULT that can't for the life of her, take care of herself.

That stuff is just... It's very
FRUSTRATING!

Why do I even stress over such crap? I guess I enjoy forcing myself to see how others keep screwing up their lives while dragging me down with them, because she indeed has TRIED to depress me with her issues. I know that she only tells me about her mistakes because she's seeking pity and for someone to tell her 'Everything is going to be okay. It's isn't your fault.' but I've gotten so tired of her melodrama that I've told her to fuck off and that it IS her fault these things keep happening to her.

If I'm a horrible daughter, then what kind of mother is she? This is the person that was supposed to set a good example of what I should be as an adult and as a parent and all she has been is a complete let-down. It's rather shameful. At least my kid, always shows respect for me because she knows that I'm 100% there for her. Even her little friends respect me, whereas with my mother... The parents of my friends while I was growing up didn't want their kids near me due to her bad reputation and how badly she treated me because I was just bugging her 'man'.

Should I be a 'good person' and turn the other cheek? I don't think so... I've never been submissive to anyone and I'm not about to start lowering myself by starting now. She needs to quit depending on other people to get her out of trouble and to help her feel better. People always become so scandalized when hearing shit like this, but these morons don't know what it fucking feels like to experience this which means... Shut the fuck up if you don't know what the hell you're talking about. I'm sick of people (dumbasses that believe in 'family' and

'through thick and thin' bullshit that haven't seen my mother's dark selfish side) telling me that I have to support her pathetic ass inspite of all the suffering she's put me through and all the NEW mistakes she keeps making that affect me. I have a family to take care off and I'm not about to put them at risk because of the fallacies of one very STUPID IMBECILIC INDIVIDUAL.

She needs to make HERSELF feel better by acting her own fucking age for once.

I won't tolerate such shit. What a freaking disappointment.

Now I'm going to eat a sandwich, take some Motrin and go to sleep...

Merry X-Mas! And some news regarding all of my ongoing fanfics!

Okay... since "Salvation" has at least around 36 story alerts and only 5 of those people actually review, I'll do the following:

I'll only update that particular story ONCE a month. Sorry but the lack of encouragement has led me to this. There's nothing more depressing than getting hundreds of hits per chapter upload and only four to five reviews. Hope some readers do understand my standing point with this issue (I'm a part of the revolution, you know)

For those that may be following that story at Adultfanfiction and happen to have a fanfic account, know that you can read this story and put it on alert! It'll be easier to keep track of that way.

Salvation

Now I'll be updating a short-fast-paced Ichi/Hime with some Ren/Ruki story.

Girls

Need Their Privacy, Ichigo

It has been surprisingly well-received in fanfiction.net, and even Adultfanfiction.net due to 9 positive rates. So I'll be updating that regularly.

Later on, much later, in the future I'll continue my UlquiHime:

All

Along

When I feel more driven to continue I will retake my OHSHC fic.

The

Solitary Twin

I WILL finish my stories. I just happen to be a very busy person. Happy holidays to all and have a marvelous new year!

SOMETHING SCARY! ICHI/RUKI AS A FACT????

SOMEONE CRAZY HAS EMAILED ME A PETITION SIGNATURE REQUEST TO MAKE ICHI/RUKI A ROMANTIC FACT! APARTENTLY THIS PERSON WANTS TO WRITE A LETTER TO KUBO ABOUT IT!

Now excuse me as I could shiver in trauma in a corner over the AUDACITY of some people.

I'm over my Ichi/Ruki traumatic lapse, but still... THAT SADISTIC WENCH!

Turns out that an Ichi/Ruki friend of mine (one of the few sane ones out there) put my email on the signature site as a practical

joke! That's so EVIL! I'm now going to search up some Ichi/Hime hentai doujin to email them to her as a 'thank you'.

I can tolerate Ichi/Ruki as LONG AS THERE'S NO ORIHIME-BASHING!

That's what the ones that troll me don't seem to get. Orihime is my main favorite character and seeing her get trashed by most of the fans of that pairing for merely having the misfortune of crushing on Ichigo ticks me off (and a lot of fans of her. Face it. A lot of the people complaining aren't even pro-Ichi/Hime. One of my 'anti' buddies actually obsesses over yaoi and likes Orihime on the side, so NOT ALL people against the 'tards' are crazy about Ichi/Hime. Most of the people are just fervent fans of either Orihime or Renji himself, not of a specific ship.)

Anyways. Since I'm calmer now, I feel SO MUCH better. And I did indeed sign the petition and told the poor girl requesting it that though I do like Ichigo and Rukia's friendly bond, I couldn't stand how Orihime was trashed because of it. My exact words were: "I didn't know being an Ichi/Ruki fan made it a requirement to hate Orihime. That's why I no longer support them this heavily" Frankly, making them cannon or trying to influence Kubo's already set plot, would add more fuel to the ship war. I think it's best if we let our favorite mangaka do HIS OWN THING IN PEACE!

These Murderous CHAIN LETTERS are FALSE! Take a look for yourselves!

Got bored and posted this because believe it or not people have sent me this shit in order to scare me but I know it's not real.

[[Subject: Fw: Read before u view the picture - Believe it not

The guy in the photo went to the Sundarbans with his friends and he asked 1 of his friends to take his picture in that very place. While his friend was taking the picture he screamed and fainted, 2 days later he died in the medical college. Doctors said he died because of heart attack.

When the photos were exposed, in the last photo there was a lady standing right beside him though friends claim that he was standing alone.

Many people said it is a rumor and the picture is the result

of the blessings of latest technology. However, the photo itself is very scary and I'm sure you'll also feel the same way I've felt. Here you go with the photo!!!

A navy officer sent this letter to 13 people and he was promoted.. A business man received this letter and threw it away..not believing in it.. and he lost everything he had within 13 days.. It reached a labourer and he distributed it to 13 people.. he was promoted and all his problems were solved within 13 days.. So you must send this e mail to 13 people for something good to happen to you so people..get sending !! :) don't be lazy.. P/S : Do not send back to the person who send this to you!!!]]

Here's another one:

[[There was this girl and she was with her friend.
They were looking through peoples MySpaces. The girl slowly came upon this one myspace. It had creatures in the background and the man looked like a psycho. She started laughing with her friend commenting on how ugly he was. Right then, an instant message came up.
IT SAID

SatanStalker: So how do u like my MySpace?
XxLoVemExX: What?
XxLoVemExX: Who is this anyway?
SatanStalker: Well, you should know; youre looking at my MySpace right now.
XxLoVemExX: How do you know?
SatanStalker: I know. I know when people look at my MySpace.
XxLoVemExX: What? That doesnt make any sense, how?
SatanStalker: I just do.
Satanstalker: Especially to pretty girls like you.
Satanstalker: With very nice legs I might say.
At the time the girl was wearing high shorts. She started to pull them down a little bit to cover what ever she could. Her and her friend started to get worried now.
XxLoVemExX: Ok whatever man youre starting

to care the living crap out of me.

SatanStalker: You should be afraid.

SatanStalker: You wouldnt want an ugly guy like me touching your legs huh? I mean thats what you just said about me with your friend like a minute ago.

They were in shock.

Her friend: Holy crap man just block him hes a psycho!

The girl: Ok holy crap, you think hes watching us?

SatanStalker: I am.

SatanStalker: Well it wouldnt really matter if you blocked me anyway; it wouldnt stop me from coming to your house.

XxLoVemExX: What? My house?

SatanStalker: Yeah, youre alone so its not a problem.

XxLoVemExX: Ok I think Im going to leave now because youre freaking me out.

SatanStalker: Your screen name says love me, trust me that wont be a problem.

SatanStalker has just signed off.

The girl and her friend were really scared.

Girls friend: Whatever lets just go upstairs trust me I doubt hes really coming. Its just a joke from someone.

They went upstairs and were having a pillow fight. All of a sudden the girls friend said she had to go to the bathroom. The girl said ok. Ten minutes later the girl noticed that her friend was still in the bathroom and was wondering what was up. She goes and knocks but no one said anything she opens it and finds her friend there on the ground dead. She started to scream but when she turned around he was there.

News the next morning said that there was one girl dead in the bathroom; her neck sliced with blood all over the ground. with her head nailed to the wall. Just her head.

IGNORE THIS PART.....

If you do not repost this in the next two minutes there will be three men, one in your bathroom, one in your room, and one killing your parents

at that very moment. Tonight at 1:30am. Well
what are you waiting for? Repost or you are going
to die!]]

This photo was taken in a hospital after the patient was in
an accident where he was responsible for a young woman's death. It
is said that when you receive this image and do not send it to at
least five people, the woman will look for you during the night to
collect your soul. People in Laredo, Texas, received this image and
did not send it and were killed outside a bar; it looked as if this
woman killed them. Send it to five people or the woman will look
for you]]

YUP! YOU GUESSED IT! Another one! Even my own mother sends me
these! You'd think she wouldn't wish these kind of curses on her
only daughter...

[[a girl named Jessica went online she started talkin to
another girl. it started out normally.....

Jessica: Hey person.

Other girl: Hello

Jessica: You've been a really interesting person to talk to.

Other girl: Really? Thanks. You really mean it?

Jessica: Yea.

Other girl: What's ur name again?

Jessica: My name is Jessica. What's urs?

Other girl: I can't really tell u.

Jessica: Why?

Other girl: Because I'm dead.

Jessica: What?

Other girl: I'm dead.

Jessica: How can u be dead? I mean, dead people don't i.m.
living people.

Other girl: Yes they can because I can.

Jessica: Ok then, so ur dead. Ok. So what's ur real name now
that I know that u are dead?

Other girl: Mary, or at least it is now.

Jessica: So where do u live 'dead person' and what's ur last
name and ur real name?

Mary: Do you really want to know?

Jessica: Yea, duh. I mean, ur probably lyin and I wanna know
who u really r by lookin in the phonebook.

Mary: You really wanna know?

Jessica: (Feeling Frustrated) Yes. I DO! Now just tell me ur dumb name!

Mary: I'm not dumb.

Jessica: (Calming down a little) Fine then. Ur not. So tell me ur name.

Mary: I live in mirrors and travel by them, and my full name is BLoody Mary.

Jessica: (Laughing) You can't be bloody Mary. There's no such thing!

Mary: Are u sure about that? Do you wanna find out the hard way? I know everythin about u. I know where u live, what u like, who u like, ur favorite color, ur full name, and I know what u are scared of.

Jessica: Ok, ur really freakin me out now. Stop it!

Mary: I won't. If u don't copy this conversation down and send it to 15 people, I will come to you.

The Next Day...

Jessica woke up in the mornin after sendin a copy of her conversation to 15 people. She went into her bathroom and turned on the lights. She looked into her mirror and all of a sudden, the lights went out. She looked into the mirror and saw a person standing next to her with a long blood covered knife. She was holding it up over Jessica's head. Jessica looked around and felt around but felt nobody else in the room. She turned around and turned on the lights. She turned around and there was no person beside her or in the mirror anymore. Then she looked on the ground and saw something red. She bent down and felt it. It was wet and looked like blood.

Bloody Mary didn't hurt Jessica only because she sent the e-mail to 15 other people. Now you have to too or Bloody Mary might get you.

Send it to 14 or lower people, and you never know what might happen... After you send it instead of clicking OK hit alt. and then F4 you will see a mysterious picture of Bloody Mary]]

AND ANOTHER ONE:

[[my name is jane.....i am 7 years old with black hair and red eyes. i have no nose or ears.... i am dead. if you do not send this 15 people in the next 5 minutes i will appear tonight by your bed with a knife and kill you.. this is no joke Something good will happen to u 2nite at 9:22. This is not a joke some1 will either call u or will talk to u online and say that they love u. do not break no send bak sorry!]]

People... THESE THINGS AREN'T FOR REAL! I've had all of them sent to me at some point and they do nothing to me!

My Keyboard Is Fried!

Of all the worthless crap that could ever happen to me, my fucking computer's keyboard has gone nuts and now some of the buttons don't work. Yes, I know I need a new keyboard. Right now I'm writing this down in libreoffice because of the spell check and whatnot. Until then I'll have to work of the next chapter for 'Salvation' while having this shitty little issue underway. Sorry if anyone sees horrid typos! I'm trying to work on it, really!

Long Time No See

Yes...Another inevitable writer's block on my Ich/Tat story, but I don't want to update my other stories until I update that one in specific, so I'll probably take a couple of days off from the internet to get my thoughts in order (Ulqui.Hime is driving me crazy with ideas all the time and I can't stop!, besides that I keep thinking of doing a Kaien/Rukia fic)

Other than things happening here and there with the fandom, some family drama has resurfaced to bug me, so stress is yet another factor playing against me. Believe me. I hate this stuff as much as you guys do.

Where are the FEW reasonable mature IchiRuki fans?

Okay. I like to consider myself neutral in this thing, but I will admit that IR FANTARDS are the ones twisting Bleach in order to fit their delusions and trying force this crap down everybody's throats. Why do I say this? Well... A friend of mine gave me the link to a new poll about the shipwars. I voted on neither pairing happening, because quite frankly at this point I could give two shits where Ichigo's pee-chan ends up inside of.

Then I went and read the comments and I saw the typical BATSHIT IR fans ganging up on three IH fans that voted there. I mean it was sickening! Like 20 bitches going off and personally insulting these other fans and making absolute fools of themselves and THEIR GODSHIP.

What I don't fucking get... Is why are IR fans saying that IH fans are attacking them all the time? As far as I can see, these bitches invade all Ichihime areas with their hate comments, attack

other fans personally and are just downright psychotic supreme. Sure I've seen some IH fans do the same, but in comparison to the MAGNITUDE of batshit IRs, IH is the one that is clearly victimized here for no apparent reason.

Insulting THREE IH fans for voting for Ichihime and saying that they are retarded, need to get shot just like Orihime, that they are sluts and ICHIRUKI FTW nonsense, really.... Is this the mature reasonable IR fans the FANTARDS claim to be or some fucked up trolling creation meant to turn the blame on them?

Man, I'm so glad I've joined a private forum to be free of this shit. For once I can talk about Bleach without the 'cookie-cut-out' batshit IR bringing this 'canon crapness' into a conversation! There's actually a number of IH there, but at least they don't bring none of this stuff up. THANK GOD!

There is peace in the Bleach fandom people and I'm proud to become a part of it. I really hope that anyone reading this and wants an IR-BASHITTING-FANTARD-free place to discuss Bleach to follow this link::

Nakama NOT IchiRuki

Also. I'm a mod there, so if I see anyfuckingthing suspicious I will be issuing out bans and will do thorough IP searches to perma ban. I will talk to the admin of the site so we can keep a tight grip on this private forum. We do also background checks on every new member so just applying doesn't mean you'll be accepted. We're sick of the nonsense and will not risk having some of it

brought
into this forum.

Another thing is that certain infamous batshits are dying to know what is discussed in there and are pulling old posts from public forums in order to bash IH and specific fans of that ship. I have close watch, along with a couple of friends (one of them shocking IR that is sick of this crap as much as I am) to see if there's an information leak of this forum in the public. I receive daily emails from people telling me of the new bash-attempts of these people to see if there's even a screen-cap or anything pertaining to this forum aired out in the open, especially since it's private.

When something is private that means that it's meant to be kept that way. The only way someone IR could see what's mentioned in there is if she/he snuck in just to look for a fight, which is downright stupid and is the main reason why IR is no longer considered a respectable serious shipping fandom.

When a place just isn't for you, you will logically stay out instead of bitching and moaning about it.

Have a wonderful shitfree day. And also. This forum has multiple shippers so it's a good thing to not bash any ships in there (unless it's one we all can dislike on common grounds, which is very rare)

I'm so happy right now! Thanks to Skelle for giving me this slice of heavenliness after putting up with SO MUCH SHIT lately!

I'm so glad to know that she's okay (hadn't heard from her in awhile so I was starting to worry. Turns out she was reading smexxiness over at AFF this whole time and disappeared on her FF.net account. PHEW!)

Hope other people can find enjoyment in this. IT's both original manga and some fandom doujinshi (there's some Naruto goodies there as well).

Ohhhh... I had a very nice argument the other day.

Well... I've been stalked for awhile and guess what... The person finally got IP banned. Anyways, since I do have chat profiles in places (won't say where because of the trolls) that have the same name as my PN, this person that is sooooo in love with me invaded a anime-chatroom and msged me.

Let's say that finally that chapter is closed because I just trolled her back. I know it was immature of me, but I'm sick of her butthurt wailing bugging me every where I go.

She started with her usual personal insults towards me and all of the female members of my family and I just put in comments like: LOL LMAO ROFL and all that nice shit. In the end she just asked me if I even gave a shit about all the crap she told me and I told her, "No, because you are the only one shaming her ship here, not me. You don't hear me saying anything bad about it, do you? I just say I don't like it, hate it... I'm just indifferent and bored by it. But be my guest, continue making your ship look bad just so everyone that doesn't give a shit about it can point a finger at you and everyone in your washed up fandom and say that the only crazies here are you."

Her response was: "You can't judge a whole fandom by one person! I just wanted to know your reasons and they just weren't good enough to be called reasons. I know that getting banned from fanfic

was what I deserved because I'm just tired of the ship war and of having people in different ships pointing a finger at us like we're the bad guys when we're not!"

Me: "Well when you behave like a bad guy, and have about hundreds of other ones like you doing it all over the internet and forums not IchiRuki-centered, you are seen as the legendary fangirling laughing stocks in anime. Sadly because of this newer fans of Bleach are either too scared of becoming a part of the whole fandom or think that Bleach is a gay ass shoujo. Sorry sweetie, I feel really bad for you because I can tell that you're young and just entered this fandom while most of us have spent years putting up with this and knowing the statistics in this war... You can defend your ship, just do it in the right places, not by PMing authors until getting IPbanned from the site. I feel bad that you will no longer be able to even enter the site to see your favorite stories, but this is just another lesson you'll have to learn in tolerance. I could tell you of other sites you can read IR stories on but I fear that you'd do this to another author, so I'll keep all helpful tips to myself. You understand, don't you?"

Guess what she did... SHE BLOCKED ME! Finally after so long of dealing with her crap, I guess that my final words really ticked her off or made her feel some shame for her persecution crap. Rest in peace... Little rookie shipper.

Stop. Effing. Bothering. Me!

How many fucking times will I have to tell these shitheads to quit calling my motherfucking house offering credit cards? Whenever I go off they hang up on me and call me another day after I've supposedly 'calmed down'.

Well that's SHIT! I don't want a fucking credit card, I've ALWAYS said I don't want a freaking card and will ALWAYS say I don't want one. How many fucking times will I have to tell these people to leave me the hell alone?!

THREE calls in a row from American Express offering me deals... What is it? Do they think that switching operators will convince me or something? I don't give a flying sack of shit how many different people talk to me about coverage and loans and whatever, I just don't want a CREDIT CARD!

Now I'm going to call my phone company to get my fucking number off the phonebook and I heard of a nifty little contract that makes computer dialups obsolete and ILLEGAL for those that pay another extra ten bucks... So if they still continue having my number after I apply this shit, I will sue their stupid asses.
